**AROUND THE LEAGUE**

**WITH THE GEARS:** The Gears came within a minute of performing a miracle on Wednesday night in Fort Wayne. After falling behind 6 to 0 in the third period, they staged a comeback which brought them to within a goal, 6 to 5, with just a little over a minute to play. But the Komets mustered enough strength to hold off the Gears and put one into the empty net with just one second left to play to ice the win 7 to 5.

**HOSPITAL REPORT:** Secondary to the loss to the Komets on Wednesday was the loss of steady defenseman Bill Prentice with a separated and dislocated shoulder. He underwent surgery in Saginaw late yesterday afternoon. The doctors say it is still a little early to tell, but he could be out of action anywhere from 8 to 12 weeks. The loss of Prentice has caused Coach Don Perry to do some shuffling in the line-up. Left winger Mel Hewitt will be used on the defense for the next few games. He has had some blue line experience last year in the Pacific Coast League. The Gears have also received defenseman Burton Martin back from Muskegon but he's not expected to see any action tonight.

**TONIGHT'S OPPOSITION:** The Kalamazoo Wings have picked up right where they left off last season. They are currently atop the North Division standing with six wins and only one loss for 12 points. That is also good enough to give the K-Wings the overall league lead in the third week of the season.

**LOOKING AHEAD:** The Gears will be on the road tomorrow night to begin a home and home series with the Port Huron Flags. Broadcast time tomorrow night from Port Huron is at 7:50 p.m. on WSAM Radio. The Flags will then return the visit to the Civic Center on Sunday night. Face-off time is at 7:00 p.m. As are all home games this season, Sunday will be Student Night. Students pay only \$3.00 for all tickets in designated sections. Call 752-1118 for reservations.
