As one of the 20th century's most respected and influential people, Billie Jean King has long been a champion for social justice and equality. She created new inroads for both genders in and out of sports during her legendary career and she continues to make her mark today. Among her many accomplishments are:

- On August 12, 2009, King was awarded the Presidential Medal of Freedom, the nation's highest civilian honor. The first female athlete to be honored with the Medal of Freedom, King was presented the award by President Obama in ceremonies at The White House.
- Named one of the "100 Most Important Americans of the 20th Century" by [Life Magazine](#) in 1990.
- Won 39 Grand Slam singles, doubles and mixed doubles tennis titles, including a record 20 titles at Wimbledon.
- In 2008, King authored *Pressure is a Privilege: Lessons I've Learned from Life and the Battle of the Sexes* to commemorate the 35th anniversary of her historic 1973 match against Bobby Riggs.
- Was one of nine players who broke away from the tennis establishment and accepted \$1 contracts from tennis promoter Gladys Heldman in Houston in 1973. The revolt led to the birth of women's professional tennis and the formation of the Virginia Slims Tour and Women's Tennis Association.
- Empowered women and educated men when she defeated Bobby Riggs in one of the greatest moments in sports history - the Battle of the Sexes in 1973. This match is remembered for its effect on society and its contribution to the women's movement.

Ilana Kloss knows firsthand how the sport of tennis can connect and inspire. At age 11, she was a ball kid for the South African Open, a men's and women's pro tournament in Kloss' native South Africa. One of the top players hit a few balls with her and told Kloss' father Shlaim that his daughter had real potential. That was all an aspiring young tennis player needed to hear. "When I heard that I really began to dream about the possibilities and work towards being the best player I could be," said Kloss.

Four decades later, Kloss is still inspired by tennis, now as the CEO/Commissioner of World TeamTennis which was co-founded by Billie Jean King and then-husband Larry King in the 1970s. While King's current role is primarily as a spokesperson, advisor and global ambassador, it's Kloss who heads up the day-to-day efforts to secure sponsorships and grow the team tennis concept both in the U.S. and internationally. In early 2009, Kloss brought the United States Tennis Association (USTA) on board as a minority owner of World TeamTennis. The USTA works with WTT on a number of growth initiatives, including youth participation in team tennis. Kloss, who was recognized as Sports Business Woman of the Year by the Warsaw Sports Marketing Center in 2007, was recently elected to the International Jewish Sports Hall of Fame and will be inducted during the next ceremony at the Maccabiah Games in July 2013.

Kloss' passion for WTT's unique coed format and community appeal is evident when she speaks about how WTT stands out in the sports landscape. "WTT is about both men and women competing together on a level playing field. Our vision is to grow tennis and make it a true team sport. With the WTT Pro League, we are able to bring the best professional

players to local communities where kids can see them working together as a team. That's an important inspirational message."

"WTT is also about giving communities a sense of ownership in tennis and a connection to our players," adds Kloss. "We provide a level of access and involvement fans generally can't get with other sports."

Kloss was just a kid herself when she became the youngest No. 1 in South African tennis history at age 17. By the time she turned 20, she was the top-ranked doubles player in the world, winning doubles titles at the US Open, Italian Open, U.S. Clay Courts, German

Open, British Hard Courts and Hilton Head in 1976. Kloss also added the 1976 French Open Mixed Doubles Championship with Kim Warwick.

Kloss played World TeamTennis for several years (San Francisco, Oakland, Long Beach, Miami Beach) before becoming a team coach. She guided the Chicago Fyre to the 1983 WTT title before joining the League full-time as Player Liaison in 1985. The transition from the courts to the office was a smooth one for Kloss. "I did it gradually, going from being a player to coaching a WTT team then working to recruit players for the League and eventually running the operation." Kloss took over as the WTT Vice President in 1987 and eventually succeeded Billie Jean King as WTT Executive Director in 1991. Kloss was named CEO/Commissioner in February 2001.

Kloss oversees the WTT Pro League and the nationwide grassroots WTT Rec League programs from the League's headquarters in New York City office. Kloss' primary focus is on national sponsorships, strategic planning, media partnerships and expansion of the WTT Pro League.

THINGS TO KNOW ABOUT THE WTT PRO LEAGUE

## THIS IS THE 37<sup>TH</sup> SEASON OF WORLD TEAM TENNIS

The regular season runs July 9-28, concluding with the WTT Finals Weekend, Sept. 14-16, at the Family Circle Tennis Center in Charleston, S.C.

### ALL-AMERICANS

Seven current or former world No. 1s from the U.S., including Serena Williams, Venus Williams, Bob and Mike Bryan, Andre Agassi, Lindsay Davenport and John McEnroe, are among the names playing for the eight franchises in the WTT Pro League. Other top Americans include Mardy Fish, John Isner and Sam Querrey. Though the League features many top Americans, players from at least 13 countries are expected to compete this season.

### A NEW HOME & NAME

**OUT WEST:** *The Southern California franchise has a new name and home court in 2012. The Orange County Breakers,*

*who played in Newport Beach since 2003, will play their seven home WTT matches this July on a specially-*

*constructed court at the Bren Events Center on the University of California Irvine campus.*

## INNOVATIONS

World TeamTennis always tries new things that make the sport more fan-friendly – playing let serves, substitutions, instant replay, on-court coaching, music between points, names on back of players shirts, letting fans keep balls that are hit into the stands, multi-colored courts.

This year WTT is adding GEICO Timeouts. Each team will be allotted two 20-second timeouts per set with an additional timeout being awarded to each team if a match goes into overtime. Only the coach may call a timeout. Coaches or players may enter the court area during these breaks in action.

## KIDS

### RULE THE COURT

Children age 16 and under can come on the court after every WTT match and get player autographs.

# WTT GLOSSARY

## WTT – IMPORTANT THINGS TO KNOW

Each year after Wimbledon, WTT takes center stage in professional tennis. Some of the world's best men and women team up to play singles, doubles and mixed doubles in an exciting and unique format. The players enjoy the intense competition, camaraderie of team play and the hometown support from their fans. Here are key terms to know about the WTT experience.

### Draft

The system by which team rosters are determined. There are four or five rounds to the WTT Roster Draft, which took place in March 2012. Returning franchises have the right to protect players from the previous year's roster. Each player that a team protects reduces the number of available draft selections for that team. Teams draft in reverse order of the previous year's final team standings (including playoffs), based on overall match won/loss record. The team that wins the WTT Finals will draft in the last position. Expansion teams draft in the middle of the order. In the case of a tied record, order is determined using the WTT tiebreaker system. That order continues throughout the draft.

### Franchises

Eight teams will compete for three weeks during the season, July 9-28. The franchises are divided into two conferences:

#### EASTERN CONFERENCE

Boston Lobsters

New York Sportimes

Philadelphia Freedoms

Washington Kastles

Kansas City Explorers

Orange County Breakers

Sacramento Capitals

Springfield Lasers

### Match Order

The home team coach determines the order of sets.

### Officials

Seven roving linespersons and a head umpire comprise the officials corps at a WTT match. The head umpire, who calls the match from an umpire's box, is in charge. His/her decisions are final.

## Overtime

Overtime eliminates the possibility of the final sets becoming exhibitions. If the team ahead in the cumulative score wins the final game of the last set, then that team is the winner. If, however, the trailing team wins the final set, the match is sent into Overtime and continues until, a) the leading team wins one game, or b) the trailing team ties the match score. If the score becomes tied, the match is decided by a Supertiebreaker.

## Scoring

All games, sets and Supertiebreakers are won by a margin of one point.

## Season

There will be 56 regular season WTT matches between July 9-28; plus three post-season matches, Sept. 14-16.

## Set

The first team to reach five games wins a set. Should a set be tied at 4-4, a nine-point tiebreaker is played.

## Substitution

A coach may substitute one player, per set, per gender at the conclusion of a point. If a player is substituted, he/she may not return to the match during that set.

## Supertiebreaker

In the event of a tied match at the conclusion of five sets or if the trailing team ties the score in Overtime, a 13-point Supertiebreaker, involving the same fifth set event, decides the outcome of the entire match. A coin toss determines the choice of side, server and receiver. Players change sides after six points. The first team to win seven points is awarded a single game and the match.

## Team

Each team has a coach and four players; two men and two women (five or more players if there are Marquee Players on the team). Players are permitted to play in a maximum of three sets per match.

## Tiebreaker

If a set reaches 4-4, a nine-point tiebreaker is played to decide the winner of the set. The first team to reach five points wins the tiebreaker. Players change sides after four points. The tiebreaker counts as one game and decides the outcome of the set.

## Timeouts

Similarly as with other professional league team sports, WTT is instituting the use of GEICO Timeouts during match play. Each team will be allotted two timeouts per set with an additional timeout being awarded to each team if a match goes into Overtime. GEICO Timeouts will be twenty (:20) seconds in length and do not carry over between sets. Only the coach may call a timeout. Coaches or players may enter the court area during these breaks in action.
