*As one of the 20th century's most respected and influential people, Billie Jean King has long been a champion for social justice and equality. She created new inroads for both genders in and out of sports during her legendary career, and she continues to make her mark today. Among her many accomplishments are:*

- On August 12, 2009, King was awarded the Presidential Medal of Freedom, the nation's highest civilian honor. The first female athlete to be honored with the Medal of Freedom, King was presented the award by President Obama in ceremonies at The White House.
- Named one of the "100 Most Important Americans of the 20th Century" by Life Magazine in 1990.
- Won 39 Grand Slam singles, doubles and mixed doubles tennis titles, including a record 20 titles at Wimbledon.
- In 2008 King authored *Pressure is a Privilege: Lessons I've Learned from Life and the Battle of the Sexes* to commemorate the 35th anniversary of her historic 1973 match against Bobby Riggs.
- Was one of nine players who broke away from the tennis establishment and accepted \$1 contracts from tennis promoter Gladys Heldman in Houston. The revolt led to the birth of women's professional tennis and the formation of the Virginia Slims Tour and Women's Tennis Association.
- Empowered women and educated men when she defeated Bobby Riggs in one of the greatest moments in sports history – the Battle of the Sexes in 1973. This match is remembered for its effect on society and its contribution to the women's movement.
- Founded the Women's Tennis Association (1973), the Women's Sports Foundation (1974), Women's Sports Magazine (1974) and co-founded GreenSlam, an environmental initiative for the sports industry (2007).
- In 1974 King co-founded World TeamTennis (WTT), the revolutionary professional tennis league. Now in its 39th season and known as Mylan World TeamTennis, the league showcases the best in professional team tennis competing for the King Trophy. Also founded the Mylan WTT Recreational League, one of the most popular recreational tennis formats in the U.S.
- Appointed Global Mentor for Gender Equality by the United Nations Educational, Scientific and Cultural Organization (UNESCO) in 2008; received the NCAA Gerald R. Ford Award in 2009; honored with Major League Baseball's Beacon of Change Award in 2010; and named to the Presidential Delegation to the 2014 Winter Olympics.
- Continues to be a leader in the fight for equality and recognition in the GLBT community, and has been honored by many of the leading GLBT organizations, including the Human Rights Campaign, GLAAD and Lambda Legal Foundation.
- Honored on August 28, 2006, when the National Tennis Center, home of the US Open, was renamed the USTA Billie Jean King National Tennis Center in honor of King's contributions to tennis, sports and society both on and off the court. She continues to be involved with the USTA and is currently Honorary Chair of the Tennis in the Parks Committee.
- A member of the President's Council on Fitness, Sports and Nutrition and serves on the boards of the Women's Sports Foundation, the Andy Roddick Foundation and the Elton John AIDS Foundation.

## ILANA KLOSS

**CEO/Commissioner, Mylan World TeamTennis**

Born: March 22, 1956

Birthplace: Johannesburg, South Africa

Residence: New York, N.Y.

Mylan World TeamTennis CEO/Commissioner Ilana Kloss knows firsthand how the sport of tennis can connect and inspire. At age 11, she was a ball kid for the South African Open, a men's and women's pro tournament in Kloss' native South Africa. One of the top players hit a few balls with her and told Kloss' father Shlaim that his daughter had real potential. That was all an aspiring young tennis player needed to hear. "When I heard that I really began to dream about the possibilities and work towards being the best player I could be," said Kloss.

Four decades later, Kloss is still inspired by tennis, now as the CEO/Commissioner of Mylan World TeamTennis which was co-founded by Billie Jean King and then-husband Larry King in the 1970s. While King's current role

is primarily as a spokesperson, advisor and global ambassador, it's Kloss who heads up the day-to-day efforts to secure sponsorships and grow the team tennis concept both in the U.S. and internationally. In early 2009, Kloss brought the United States Tennis Association (USTA) on board as a minority owner of World TeamTennis. The USTA works with WTT on a number of growth initiatives, including youth participation in team tennis. Kloss, who was recognized as Sports Business Woman of the Year by the Warsaw Sports Marketing Center in 2007, was recently elected to the International Jewish Sports Hall of Fame and was inducted during the Maccabiah Games in July 2013. In September 2010, Kloss was honored by the U.S. International Club (USIC) with the Sarah Palfrey Danzig Award for her contributions as a player and administrator. She was also recognized as a Gamechanger in October 2011 by Sports Business Journal as one of the top women in sports business.

Kloss' passion for WTT's unique format and community appeal is evident when she speaks about how Mylan WTT stands out in the sports landscape. "WTT is about both men and women competing together on a level playing field. Our vision is to grow tennis and make it a true team sport. With Mylan WTT, we are able to bring the best professional players to local communities where kids can see them working together as a team. That's an important inspirational message."

"Mylan WTT is also about giving communities a sense of ownership in tennis and a connection to our players," adds Kloss. "We provide a level of access and involvement fans generally can't get with other sports."

Kloss was just a kid herself when she became the youngest No. 1 in South African tennis history at age 17. By the time she turned 20, she was the top-ranked doubles player in the world, winning doubles titles at the U.S. Open, Italian Open, U.S. Clay Courts, German Open, British Hard Courts and Hilton Head in 1976. Kloss also added the 1976 French Open Mixed Doubles Championship with Kim Warwick.

Kloss played World TeamTennis for several years (San Francisco, Oakland, Long Beach, Miami Beach) before becoming a team coach. She guided the Chicago Fyre to the 1983 WTT title before joining the League full-time as Player Liaison in 1985. The transition from the courts to the office was a smooth one for Kloss. "I did it gradually, going from being a player to coaching a WTT team then working to recruit players for the League and eventually running the operation." Kloss took over as the WTT Vice President in 1987 and eventually succeeded Billie Jean King as WTT Executive Director in 1991. Kloss was named CEO/Commissioner in February 2001.

Kloss oversees Mylan World TeamTennis and the nationwide grassroots Mylan WTT Rec League programs from her New York City office. Kloss' primary focus is on national sponsorships, strategic planning, media partnerships and expansion of Mylan WTT.

## CAREER GRAND SLAM - MIXED DOUBLES

Daniela Hantuchova

From the court sense of Leander Paes and creativity of Martina Hingis to the synchronicity of the Bryan Brothers, many of the best doubles players in the world find a home in Mylan World TeamTennis.

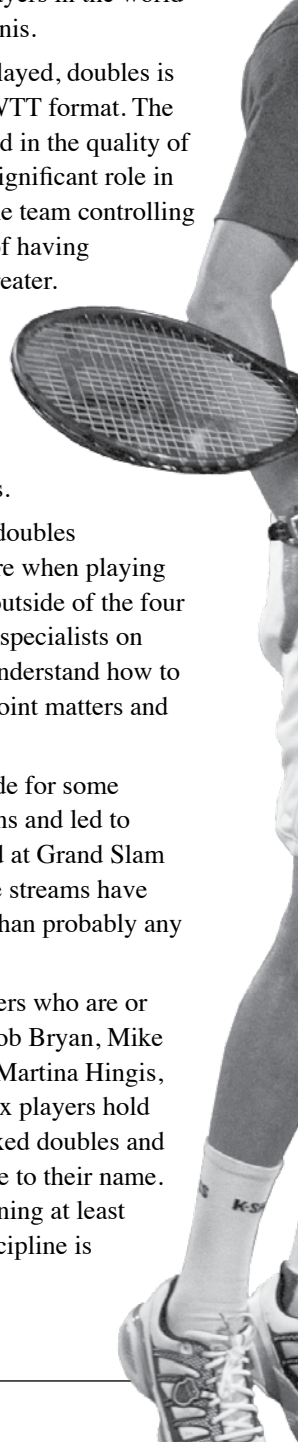

Accounting for three of the five sets played, doubles is anything but irrelevant in the Mylan WTT format. The core of successful teams is often rooted in the quality of its doubles players. Strategies play a significant role in the outcome of a match. With the home team controlling the set-by-set lineup, the importance of having reliable doubles play becomes even greater.

Past players like Lisa Raymond and Mark Knowles emerged as difference makers on their teams, while legends such as Martina Navratilova and John McEnroe showcased the craft that made them household names.

Frequently described as ‘specialists’, doubles players aren’t as susceptible to pressure when playing Mylan WTT, given that tournaments outside of the four majors use no-ad scoring. So they are specialists on their Mylan WTT teams in that they understand how to play in an environment where every point matters and every game counts.

Over the years, team lineups have made for some interesting mixed doubles combinations and led to successful pairings on the pro tour and at Grand Slam events. Mylan WTT telecasts and live streams have also featured more doubles coverage than probably any other professional tennis event.

This year’s lineup features seven players who are or have been ranked No. 1 in doubles (Bob Bryan, Mike Bryan, Kveta Peschke, Liesel Huber, Martina Hingis, Leander Paes and Venus Williams). Six players hold a career Grand Slam in doubles or mixed doubles and 12 have at least one major doubles title to their name. With 31 of the league’s 37 players owning at least one Tour-level doubles trophy, the discipline is sure to take center stage this summer.

# MYLAN WTT IN 2014

## NEW HOMES

The off-season was an active one for two Mylan WTT teams. The Orange County Breakers and New York Sportimes, were purchased by new owners and relocated to Austin, Texas, and San Diego, respectively.

## ESPN PARTNERS WITH MYLAN WTT

More than 60 hours of Mylan WTT programming will be broadcast on ESPN channels this July. Twenty matches will be live streamed on ESPN 3, while the 2014 Mylan WTT Finals will air live on ESPN 2 on Sunday, July 27. The ESPN coverage is part of more than 200 hours of coverage on national and regional television networks, and online for the 2014 season.

## BEST SPORTS TEAM EVER?

The 2011-2013 Washington Kastles teams certainly have to be included in any discussion of top sports teams. The Kastles did not lose a match during the 2011 and 2012 seasons en route to the league championship. The Texas Wild handed the Kastles their first loss in three seasons on July 10, 2013, ending the Kastles winning streak at 34 consecutive matches. Washington's win streak is the longest in major pro sports league history, surpassing the previous mark of 33 consecutive wins held by the NBA's 1971-72 Lakers. Washington didn't slow down in 2013, winning their third consecutive title and fourth overall. The Kastles will try to tie the league record of four consecutive championships, set by Sacramento between 1997-2000.

## GIVING BACK

Over the past decade, Mylan WTT has given away more than 250,000 junior tennis racquets through clinics, Mylan WTT matches, and other youth activities. This summer in partnership with the USTA, all Mylan WTT teams will host PlayDays to provide free instruction to thousands of youth.

### *ESPN – All Four Majors, All In One Place*

Tennis has been part of ESPN since its first week on the air and provided many memorable moments, but it has never been as important as today, with the US Open joining the lineup in 2009, giving ESPN all four Grand Slam events, something no other U.S. network has ever done, let alone in one year. ESPN has presented the Australian Open since 1984, the French Open since 2002 (plus 1986 – 1993), and Wimbledon since 2003, with exclusivity for live television with all other rights extended added in a 12-year agreement starting in 2012. Exclusivity for the US Open in an 11-year agreement begins in 2015. ESPN3 delivers an unmatched multi-screen presentation of the sport's four majors, all ATP 1000 and 500 tournaments, WTA Premier Events and season-ending championships for both tours.

ESPN debuted September 7, 1979, and the first tennis telecast was exactly one week later, September 14, a Davis Cup tie, Argentina at U.S. from Memphis with Cliff Drysdale on the call and John McEnroe playing.

ESPN3 is ESPN's live multi-screen sports network, a destination that delivers thousands of exclusive sports events annually. It is accessible online at WatchESPN.com, on smartphones and tablets via the WatchESPN app and streamed on televisions through ESPN on Xbox LIVE to Gold members, Apple TV, Roku and Amazon Fire TV. The network is currently available to more than 92 million homes at no additional cost to fans who receive their high-speed Internet connection or video subscription from an affiliated service provider. The network is also available at no cost to approximately 21 million U.S. college students and U.S.-based military personnel via computers, smartphones and tablets connected to on-campus educational and on-base military broadband and Wi-Fi networks.

## IMPORTANT THINGS TO KNOW

*Each year after Wimbledon, Mylan WTT takes center stage in professional tennis. Some of the world's best men and women team up to play singles, doubles and mixed doubles in an exciting and unique professional team tennis competition. The players thrive on the match intensity, camaraderie of team play and the hometown support from their fans. Here are key terms to know about the Mylan WTT experience.*

---

## THE TEAMS

### Draft

Team rosters are determined through two drafts held prior to the season - the Mylan WTT Marquee Draft in February and the Mylan WTT Roster Draft in March. The Marquee Draft includes some of the biggest names in tennis who typically play a limited schedule. There are four or five rounds to the Mylan WTT Roster Draft. Teams draft in reverse order of the previous year's final team standings (including playoffs), based on overall match won/loss record. Returning franchises have the right to protect players from the previous year's roster.

### Franchises

Seven teams will compete for three weeks during the 2014 season. The franchises are divided into two conferences:

#### Eastern Conference

Boston Lobsters • Philadelphia Freedoms • Washington Kastles

#### Western Conference

Austin Aces • San Diego Aviators • Springfield Lasers • Texas Wild

---

## THE SCHEDULE

### Regular season

Each of the teams will play 14 regular season matches - seven home, seven away. The teams will compete in two conferences during the regular season, which begins on Sunday, July 6 and concludes on Wednesday, July 23.

### Post-season

The top two teams from both the Western and Eastern Conference advance to the 2014 Mylan WTT Conference Championships which will be hosted on Thursday, July 24, by the top-seeded team in each Conference. The 2014 Mylan WTT Finals will be contested Sunday, July 27, on the home court of the Western Conference Champions.

---

## ON THE COURT

### Fan Experience

Fan participation is an important part of any of Mylan WTT match. Crowds are encouraged to be vocal about great play (while still being respectful of all players) and are allowed to enter/exit the stadium during play without having to wait for a changeover. Often between games, music is played or a DJ fires up the crowd.

### Match

A match is a contest between two Mylan WTT teams, consisting of five sets plus Overtime (if any) and a Supertiebreaker (if necessary). The sets are men's and women's singles, men's and women's doubles and mixed doubles.

### Match Order

The home team coach determines the order of sets and turns in the lineup to the head umpire one hour before match start time. Every match includes a haltime break - either after the second or third set.

---

# GLOSSARY

---

## Officials

Seven roving linespersons and a head umpire comprise the officials at a Mylan WTT match. The head umpire, who calls the match from an umpire's box, is in charge. His/her decisions are final.

## Substitution

A coach may substitute one player, per set, per gender at the conclusion of a point. If a player is substituted, he/she may not return to the match during that set.

## Team

Each team has a coach and four players; two men and two women (*five or more players if there are Marquee or Wild Card players on the team*). Players are permitted to play in a maximum of three sets per match.

## Timeouts

As with other professional league team sports, Mylan WTT features the use of GEICO Timeouts during match play. Each team will be allotted two timeouts per set with an additional timeout being awarded to each team if a match goes into Overtime. GEICO Timeouts will be twenty (:20) seconds in length and do not carry over between sets. Only the coach may call a timeout. Coaches or players may enter the court area during these breaks in action.

---

## SCORING

### Keeping Score

- Scoring is no-ad (the first team to win four points wins the game). Game scoring is 1, 2, 3, game.
- All games, sets and Supertiebreakers are won by a margin of one point.
- Each game counts as one point in the team's cumulative match score.
- The receiver has the choice from which side he/she will receive serve should the game reach three points each. In mixed doubles, the serve is always gender-to-gender at 3-3.
- Teams change sides after every four games.
- Let serves are played.

### Overtime

In Mylan WTT matches - every point matters, every game counts. That is never more evident than in Overtime. If the team ahead in the cumulative score wins the final game of the last set, then that team is the winner. If, however, the trailing team wins the final set, the match is sent into Overtime and continues until a) the leading team wins one game, or b) the trailing team ties the match score. If the score becomes tied, the match is decided by a Supertiebreaker.

### Set

The first team to reach five games wins a set. If the set is tied at 4-4, a 9-point tiebreaker is played.

### Supertiebreaker

If the match is tied at the conclusion of five sets OR if the trailing team ties the score in Overtime, a 13-point Supertiebreaker, involving the same fifth set, decides the outcome of the entire match. A coin toss determines the choice of side, server and receiver. Players change sides after six points. The first team to win seven points is awarded a single game and the match.

### Tiebreaker

If a set reaches 4-4, a 9-point tiebreaker is played to decide the winner of the set. The first team to reach five points wins the tiebreaker. Players change sides after four points. The tiebreaker counts as one game and decides the outcome of the set.
