## - SCORING FORMAT -

Each half of play will consist of one set of women's singles, men's singles and mixed doubles; the intermission will be fifteen minutes. A player is allowed to participate in two different events in the same evening, though not in the same half.

Games will be conducted on a four-point, no-ad system; the first player to win four points wins the

game. Each set will consist of six games in each of the three events. Since the emphasis will be on games rather than sets, competition should be heated throughout. A total tabulation of games won by each team will determine the winner of the match.

PLAYER	GP	GW	TB	TW	PLAYER	GP	GW	TB	TW
TEAM TOTALS					TEAM TOTALS				

Key: GP—Games played    GW—Games won    TB—Tiebreakers played    TW—Tiebreakers won  
(Slash and dotted line used to separate players in the event of replacements, and for mixed doubles players. Log mixed entries as units in bottom table.)

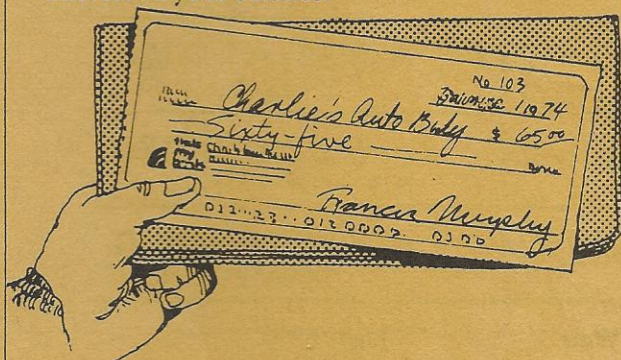

# More people have a Charlestown Two-Way Account than any similar account at any other bank.

## Here's why:

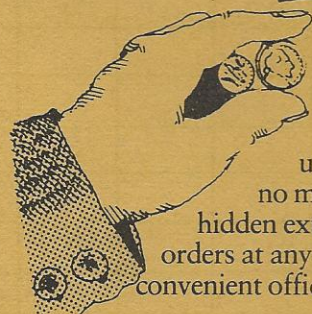

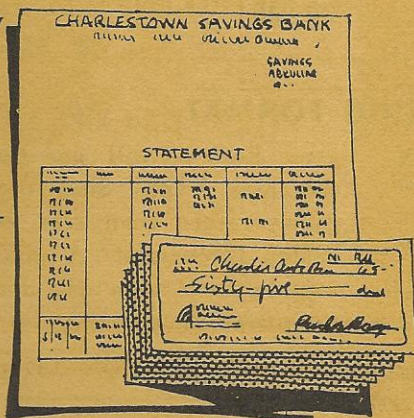

### Spends like a checking account.

Your Two-Way Account withdrawal orders look like checks... spend like checks. But unlike a checking account, you actually earn interest on your balance.

### Complete monthly statement.

Every month you receive your cancelled withdrawal orders and a statement listing all your deposits and withdrawals. It looks like a checking account statement, but with one important extra—your 5% a year interest.

**Total cost: just 15¢ per withdrawal order.**

And you pay only when you use them, not before. There's no monthly service charge, no hidden extras. Cash your withdrawal orders at any of Charlestown's 11 convenient offices and they're free.

# 5%

Earns like a savings account.

A full 5% a year, day of deposit to day of withdrawal. Just maintain a \$10 minimum balance. No similar account by any other name can pay you more.

### Instant cash—even when the bank is closed.

A Two-Way Account gives you something no regular savings account can. Instant access to your money any time, any place. On vacation, for emergencies or to take advantage of special sales.

### The Two-Way Account. It's the savings account you can spend.

If you write just a few checks a month, maybe your checking account should be a savings account.

Charlestown's Two-Way Account, the savings account you can spend. It's one way better than what you've got now.

No matter which way you look at it.
