A three-time ArenaBowl champion and two-time Arena Football League Coach of the passion and work ethic that is

Year, Darren Arbet brings a passion and work ethic that is unmatched in the AFL. Entering his 15th season with the franchise, Arbet begins his 11th as head coach and first as part owner of the franchise.

Arbet's dedication and leadership turned the Saber-Cats into a perennial powerhouse, with Arbet ranking fourth all-time in regular season wins (112), second in winning percentage (.704) among coaches with at least 100 games coached and first in postseason winning percentage (.714) among coaches with at least 20 games coached. In 2007, Arbet became the fifth head coach in AFL history to win 100 games when San Jose defeated the Las Vegas Gladiators, 61-34, on May 12. He is the third fastest coach to accomplish the feat, reaching the century mark in just 145 games.

A leader of one of the most dominating teams over the past decade, Arbet guided the SaberCats to their nith straight winning season and playoff appearance in 2008 after finishing the year with an 11-5 record - the eighth time in his 10 seasons the team has posted a double-digit regular season win total. The club also captured its third straight Western Division title and seventh under Arbet (eighth overall). He became only the second head coach in the history of the AFL to win three ArenaBowl titles after the SaberCats defeated the Columbus Destroyers, 55-33, on July 29, 2007.

Under the direction of Arbeit, the SaberCats have been deemed by some, an AFL dynasty. The club has set league records for overall wins in a season (16 in 2002, 2007), consecutive wins in a regular season (13 in 2007), regular season wins to end a season (13 in 2007) and the longest regular season win streak (15 in 2000-01). The SaberCats also elevated the league record for most wins during a season to 19 in 2007, breaking the team's previous record (16) form 2002.

Due to the effectiveness and winning acumen of the SaberCats since 1999, Arbet was elevated throughout his SaberCats career. He was named the team's player personnel director the following season remaining in that capacity until taking over the general manager duties prior to the 2006 season, before being named owner of the franchise in 2011.

#### THE JOURNEY TO COACHING

Arbet never thought coaching would be his calling, but the game of football found its way into his life at a very young age. It was a game that he took a liking to at nine years old, thanks to his older brother Girman.

"He was a lot older than me. He played basketball at the local gyms, tackle football in the park with his buddles and he would come and get me, as he used to say, he didn't want me to be a sissy."

Arbet's brother was 27 years older than him at the time, but Girman took him under his wing to make sure his younger brother would become a strong kid. He didn't take it easy on his kid brother, splitting him out wide at receiver. Once Arbet reached the age of 13, Girman had no qualms about putting the ball in his hands, despite the older players his younger brother was competing against.

"He would pitch me the ball in one of those local parks and grown men were tackling me. He would take me down with the big boys and that's where I get that kind of toughness."

From there, Arbet's interest in football grew, as he moved on to Pop Warner, his favorite position being linebacker where he looked forward to being able to hit thanks to the tenacity that his brother instilled in him.

After playing four years at defensive end for Sacramento State (1981-85), Arbet joined the recently formed Arena Football League in 1989, playing fullback/linebacker for the

Maryland Commandos. New to the league, he fell in love with the sport that would later become a lifelong career for him. ORGANIZATION

"As a player, how can you not like Arena Football. Being in the arena, the fans are right on top of you. It's loud. The constant contact at that point in my life was something that I enjoyed. Being able to run into people, making a little money and playing on ESPN. It was great."

Before he could fully pursue the indoor game, his career was cut short due to a major wrist injury he had suffered while playing. In thinking about what he wanted to do with his career, the natural choice seemed like coaching due to his passion for football. Arbet, however, never gave much thought to the profession.

\*I never was a guy who said I wanted to coach. I got my Bachelor of Arts in Criminal Justice. I never wanted to coach until I was injured. I got injured in Arena Football and I was hanging around Sacramento State and they lost a coach and I found out I wasn't going to be able to play because of my wrist."

Given his first opportunity to coach, Arbet was given the assignment of coaching tight ends while assisting with special teams and serving as the athletic department's academic advisor. Coaching wasn't something that he enjoyed immediately, however.

"The first day I hated it. We worked every day. I remember saying, I'm not a quitter, but after this year, I'm not going to do this. Before the year was out, I started enjoying it because as a coach your work is never done. By the time you get done with this game, you are doing the same thing for the next game. So your work is just never done and at first I didn't get the satisfaction. I didn't get any satisfaction out of it. No lunch breaks and that's the life of a coach. I started to enjoy it believe it or not."

Some of the coaches that Arbet worked with during his time at Sacramento State included former 49ers offensive coordinator Greg Knapp, now with the Houston Texans, the tight ends coach for the Denver Broncos, Clancy Barone as well as Robert Price, formerly of the Atlanta Falcons. Part of his success he credits to these men who gave him his first taste of being a football coach.

\*Those guys were awesome. I learned so much about coaching. At that point I thought I had learned a lot and it was just a great experience for me and it paved the way for my career here, which I never thought I would do."

#### THE BEGINNING OF A LEGENDARY CAREER

After getting his feet wet at Sacramento State, Arbet heard about an opening back where his playing career ended, the Arena Football League. He was hired to serve as an assistant to then defensive coordinator of the Albany Firebirds, Doug Kay, working with the fullbacks and linebackers while breaking down game film.

Being a confident person, Arbet came into the position believing he had a wealth of knowledge about coaching, however, Kay didn't see the same thing Arbet saw in himself.

\*I thought I had learned everything at Sac State. I thought I was a pretty good coach and kind of a hot shot. I went to Albany to work under Doug Kay and he had just won a championship in Tampa Bay. Everybody was telling me, 'This guy is hot, he's the next great head coach in the league. Go work for him.' From day one, he was on me. I did some work for him and I told him I'm a hard worker. He said, 'from what I see, I think you are rather lazy.''

A diligent worker at heart, Arbet pushed himself to become better, going out of his way to better himself, but Kay made sure Arbet never became complacent. Thanks to Kay's tough teaching, Arbet earned himself an interview with a new franchise in the AFL, the San Jose SaberCats. The coaching staff was quite impressed with his advanced knowledge of the indoor game.

"I remember interviewing with the SaberCats and they said, "This guy knows everything." I knew offense, defense, special teams, defensive line drills, quarterback drills, wide receiver drills."

#### CREATING A DYNASTY

Getting his first chance as a defensive assistant and special teams coordinator in 1995, Arbet never looked back. He was named head coach of the SaberCats in 1999 and immediately began to turn the SaberCats into one of the most successful franchises the AFL has seen over the past 24 years.

"It was the information that I had acquired through the years of being a coach. It wasn't what I knew or what I dit. It was the people that we changed in the organization. We went more in depth with character, hard work and people who want to give a part of themselves to the team. They didn't have to be the best. Those were the three biggest things that we wanted. We just started surrounding ourselves with those types of people. We've won countless awards and accolades because of the people with the attitude and the dedication willing to give everything they had, whenever, for this team."

Arbet has had the fortune of working with some of the greatest minds in Arena Football, including Terry Malley, Skip Foster and Jeff Jarnigan. He doesn't believe that he would be here without the assistance of these coaches who have enjoyed great success themselves as head coaches in the AFL.

"You can't even put a price tag on it. There are all kinds of situations that come up with it, from the locker room, on the football field, when you are traveling. They've dealt with that before as head coaches and it has really helped me with the opportunity I've had here with the SaberCats."

#### FUELING THE RESURRECTION

Heading into his 16th season with San Jose, the passion and beliefs that helped make Arbet into one of the most successful coaches in Arena Football history have not waivered and with the beginning of a new chapter in SaberCats history, they are even more crucial.

"Respect is the biggest thing that I believe in. You see all those guys are giving something of themselves to be here. That's the reason I get on them, because that's the way I see the game and this position. You take on the position. You have to live it."

Looking back on his time with San Jose, Arbet can only marvel at what he has been a part of over the course of his coaching career. When he joined the SaberCats he never believed that he would become owner, a title he takes with great pride, but he still thinks he has room for improvement.

"The best part about it is I still feel I have a lot of room to grow and get better. As a coach and an employee of the SaberCats, I just feel honored. In life, we have opportunities and I ve been blessed more than anybody to run the football side of the San Jose SaberCats. Now, I'm able to run everything that the San Jose SaberCats have to offer as a owner. In one lifetime, that's unbelievable. I feel like I'm living a dream."

#### PERSONAL

In his continued effort to grow as a coach and person, Arbet has taken part in the National Football League's Minority Internship Program. In 2004 Arbet was in the Atlanta Falcons' training camp, working as a special teams assistant and spent the 2003 offseason with the Pittsburgh Steelers' coaching staff for three weeks at their training camp.

Like many other players and coaches, Årbet has spent time in the broadcast booth. He recently served as a color analyst for Comcast Cable's coverage of high school and college football in the Bay Area delighting the viewing public with his keen insight and knowledge of the game. Arbet could also be heard on radio coverage of Sacramento State University football and was the radio analyst for national coverage of the 2004 Silicon Valley Football Classic.

Continuing to use his success and marketability to his advantage, Arbet, a native of Stockton, Califi, was inducted into that city's Black Sports Hall of Fame, along side other football greats like Derek Kennard and Webster Slaughter.

Arbet attended Edison High School in his hometown of Stockton where he competed in both football and track. He is the father of two sons, Lamarr and Dominik, and resides in the Bay Area.

Skip Foster enters his first season with the SaberCats. He joins San Jose after spende head coach of the Lafayette

ing the 2008 season as the head coach of the Lafayette Wildcatters of the Southern Indoor Football League.

Overall, Foster has 27 years of coaching experience and eight years in Arena Football and was a member of the inaugural af2 Hall of Fame class. As a head coach in Arena Football, Foster has compiled a 68-35 record. He joins the SaberCats after serving as offensive coordinator with the Arizona Rattlers (2008) and the Columbus Destroyers (2007), who he helped lead to ArenaBowl XXI against the Saber-Cats.

In each of his first four seasons in the AFL, starting quarterbacks on Foster-led offenses averaged over 3,800 yards passing, and never threw for under 3,500.

Foster's first head coaching stint came with the expansion Austin Wranglers where he posted a 24-24 mark in three seasons, including a 10-6 mark during his final year in 2006.

Foster served as the head coach of the Tulsa Talons in af2 from 2001-03. He finished with a record of 44-10, an average of almost 15 wins a season, leading the Talons to victory in the 2003 ArenaCup. He coached the Red Ravens to six conference championships during his 12 seasons (1989-2000) as head coach, leading Coffeyville to a National Junior College Athletic Association National Championship and an undefeated season in 1990. Foster was selected Kansas Jayhawk Community College Conference Coach of the Year in both 1990 and 1991.

He took over head coaching duties from his father Dick, who won a national championship with Coffeyville in 1983. They are the only father and son pair in the NJCAA to win a national championship at the same school with Foster being inducted into the Coffeyville Hall of Fame in 2001.

Foster has coached players in the NFL such as G Ryan Lilja, DE Leonard Little and CB Travis Fisher along with numerous others who have gone on to successful careers in professional football.

A graduate of Missouri Western State College, Foster played for his father at Coffeyville from 1979-80. A native of Missouri, Coach Foster and his wife Pama, have three children: Spencer, Shelby and Patrick.

coordinator in 2011.

In his first season coordinating, Jamigan led a defense that finished in the top five in redzone defense (76.8%), interceptions (22), turnover margin (+12) and sacks (30). San Jose had four players named to the All-Arena team under Jamigan including LB Steve Watson, DB Marquis Floyd, LB Clevan Thomas and K A.J. Haglund.

second as the club's defensive

Jarnigan served as the special teams/defensive line coach in his first year with the team and made an immediate impact with the player groupings he oversaw. Jarnigan resurrected a special teams unit that finished near the bottom of the league in every statistical category in 2006 and was an essential element to the SaberCats championship conquest in 2007.

Under Jarnigan's guidance, San Jose's special teams finished with the second-best kickoff coveage in the AFL after giving up only 16.6 yards per return and two TDs, opposed to the 18.5 yards per return and seven touchdowns in 2006.

The defensive face of special teams wasn't the only side that transformed in 2007. After returning only one kickoff for a touchdown in 2006, Jarnigan helped his players boost that total to seven touchdowns in 2007 - which tied for the most in the AFL and also tied a team record set in 2003 and 2005. His kickoff return men proved to be the top tandem in the league after rookie Trestin George averaged 23.6 yards per return and Rodney Wright racked up another 22.9 yards per return. These two players also accumulated the thirdmost single-game kickoff return yards in team history with 232 against Georgia on March 24.

Perhaps one of the most vital parts of special teams in the AFL is the kicking unit. Jamigan is credited for bringing in All-AFL kicker A.J. Haglund who set league records for PATs made (128) and posted the third highest kick scoring total in AFL history with 158, topping his total with a 179 point effort in 2008. Haglund, who played for Jamigan in the af2, improved on the team's 2006 PAT conversion percentage (.853) that was the 15th best in the league to second in 2007, hitting at a .928 clip.

Jarnigan also managed the SaberCats defensive line in 2007. His core crew made up of Ron Jones, George Williams and Alan Harper combined for 19.0 sacks which was good for fourth-best in the league.

ence under his professional belt, including seven years at the indoor game. Prior to joining the SaberCats, Jarnigan spent the previous two seasons as head coach of arenafootball2's Oklahoma City Yards Dawgz. His previous experience in the AFL comes from a one-year stint with the Austin Wranglers in 2004, the team's inaugural season.

As the defensive coordinator in Austin, Jarnigan's unit held opposing teams to fewer than 40 points in a game five times and ranked third in both sacks and opponents third down conversion rate. The team finished with a record of 8-8.

After his success with the Wranglers, Jarnigan was offered the head coaching position with the Yard Dawgz by co-owners Barry Switzer and Jeff Lund.

In Oklahoma's second year as an expansion franchise, Jamigan led the team to a 10-6 record and its second berth in the af2's playoffs. In his second season as head coach, the team finished in a tie for first place in the Midwest Division with an 11-5 record.

Prior to joining the Wranglers, Jarnigan was the defensive coordinator/defensive backs coach for the af2's Tulsa Talons for three seasons (2001-03). He enjoyed a composite record of 44-10 (.814) while on the staff and captured two National Conference championships. The Talons never lost a home game while he was there and won the ArenaCup in 2003.

Jarnigan's extensive coaching experience began at Fort Hays State University (KS) as an offensive line coach in 1988. he transitioned to an assistant coaching position at Bethel College (KS) from 1989-92. He then relocated to Sioux City, IA where he spent time as the defensive line coach for Morningside College (1993-94). Jarnigan's longest coaching tenure occurred when he was the offensive line coach at Carleton College (MN) from 1995-99. His other head coaching experience came when he was with the Minnesota Purple Rage (2000) of the Indoor Football league.

As a player, Jarnigan was an all-conference offensive lineman and three-year starter at Southwestern College in Winfield, KS,. In 1984, he helped the team finish the season ranked third in the nation after being defeated by eventual NAIA champion Northwestern in a semi-final playoff game.

An Oklahoma native and graduate of Midwest City High School, Coach Jarnigan and his wife Liz have three children; Mary, Jack and Emily.

#### SABERTOOTH

- Otis has been working with at risk youth and inspiring them to make the most of their lives. He continues to work on his college degree and is preparing to continue his motivational speaking to prison inmates in the future. His father spent a considerable amount of time incarcerated during Amey's childhood, which has driven him to become involved with at-risk youth.
- Otis credits his older brothers helping him get involved in football. "They used to force me to play tackle football as a young kid which made me love football." Otis excelled at baseball as a youth and used to play basketball against Nate Robinson and Eddie House in high school. "My claim to fame is that I beat Eddie House in basketball back in the day."
- Self-described as different from most people. "I don't care about what's hot or what everyone ekse is doing. I like setting my own trends and I'm not trying to be anyone but myself." Charming, easy going, and the ability to get along with everybody are other traits that define Otis.
- After having a year of experience under his belt he looks forward to being a big part of an "unstoppable" saber-Cats offense this season. He is looking to change lives off the field through his work with local youth groups and by holding camps and traveling to schools to encourage young people to make good decisions in their lives.
- Otis makes his own music and has a website devoted to it as well as his motivational speaking (foakingdom.com) and also produces his own T-shirts. After football Otis would like to get into the Ministry full-time and use his music to reach people.

McLeod Bethel-Thompson will back up QB Mark Grieb in 2011 with an accurate, strong arm. A

graduate of Balboa High School in San Francisco, he joins San Jose after spending four seasons between UCLA and Sacramento State.

#### SABERTOOTH

- Government is something that McLeod is very interested in and led to an internship as a legislative assistant at the state capital with assembly member, Isadore Hall from Los Angeles his senior year of college. He started in the spring and ended up staying throughout the summer. While he was there, he was in charge of staffing three bills and two committees which entailed writing speeches and getting all the necessary paperwork in order. He also escorted the assemblyman around to all the events that he had to attend. "It was a great experience to see a little insight into California politics."
- For his post-football career, McLeod plans to attend law school. However, that's not all he's interested in. He'd also like to join the peace corps or some type of foreign service. "I've never really left America, I want to get out there and see places and the best way to do that is to serve other people." McLeod's Uncle, Steven A. Browning currently works for Hillary Clinton but in the past was the Ambassador to the Republic of Uganda, Minister Counselor for Management in the US Embassy in Iraq and the Ambassador to the Republic of Malawi and that's what inspired him to want to join those organizations. He'd also like to teach in inner city schools or join "Teach for America."
- High school really shaped McLeod into the person he is today. "I went to a very inner city high school (Balboa High) with a lot of great people." McLeod didn't realize he was the only white male in his graduating class until a friend of his pointed it out in college after seeing his class photo. However, that's something that he cherishes. "Growing up in San Francisco right in the heart of the city, a real in-

ner city experience. You just see so many diverse cultures, diverse people and things, I think it's great. I'm a city kid, I like the city. I think growing up there you kind of get used to it and it becomes home." That's also when he began plaving football.

 When McLeod was born his parents were expecting a girl and hadn't chosen a boy's name. He didn't have an official name until he was about six months old and his family called him "Biff." That nickname stuck with him until he was five or six and some of his parent's friends still call him "Biff" or "Biffy." His other nickname is Mac.

#### COLLEGE:

 Played three seasons at Sacramento State after transferring from UCLA. In 24 career games, he totaled 1,615 passing yards and eight touchdowns.

- Attended Balboa (CA) High School where he lettered three seasons (2003-05). Bethel-Thompson earned firstteam all-city, player of the year and all-metro honors, after throwing for 2,100 yards and 22 touchdowns.
- Majored in History with a minor in government.
- Spent time working for his dad doing manual labor like putting up fencing for parties. He was also a groundskeeper while he was at UCLA.
- Enjoys watching Peyton Manning and Aaron Rodgers. Is also a fan of all the great 49ers quarterbacks, Joe Montana, Steve Young as well as Jerry Rice.
- Parents are Mark and Patricia. His father is a production manager for Live Events. He used to be a roadie for rock and roll bands like George Harrison, Carlos Santana but now he does corporate events. His mother is an artist painter and is back in school. Has two siblings, brother: Dylan (28), a mechanical engineer and his sister, Cassady (26) went to San Diego State and is a geologist.

In his first season in the AFL, Mervin Brookins won his first ArenaBowl championship with the Spokane Shock in 2010. A versatile player at both

defensive back and returner, Brookins will look to provide leadership in the secondary this season for the SaberCats.

#### SABERTOOTH

- A little known fact about Mervin is that he likes to write poetry. He mostly writes whatever is on his mind at the moment. "I also love R&B music and I can just put some music on and write and write." Mervin writes about everything from his daughter to more sensitive subject matter. Writing is something that he's very passionate about and he used it as a way of addressing the anger he felt towards his father not being around when he was young. While it didn't pan out, Mervin had put a book together titled, A Man's Thoughts: A Collection of Articles. The book was a collection of short stories about various different subjects with one of the short stories in the book, titled "The Neighborhood Killer," described the story of a murderer but was actually about drugs and alcohol in a rough neighborhood. It was the environment that the main character lived in that was the neighborhood killer.
- Although Mervin doesn't use any unusual training methods at the moment, he does remember his coach at Sacramento City College had him do something he had never done before. While he was training with the school's football team, the coach had Mervin run up a large hill that was well known throughout the school, with chains on his back that are normally used for 18 wheeler trucks.
- Mervin has worked at McDonald's, Pizza Hut/Wingstop, as a cashier clerk and overnight stocker at Safeway and Prestressed Concrete making concrete slabs that are used as dividers at coliseums. However, his funnest memory of all his jobs comes from his days at Taco Bell. Mervin and his coworkers would participate in fast food Olympics which his boss would set up as competitions between the workers. They had two food lines and would battle each other to see who could make the most orders in the shortest amount of time while still staying precise. There was one instance in which Mervin and his coworkers knew a competition was coming up so they planned something special for their manager. Both lines filled a tostada shell

with everything possible and when it got to the end of the line they crushed the two tostadas on each side of their manager's head. "He wasn't expecting it at all. He had nacho cheese, beef, pico de gallo, everything was just smashed on the side of his face, taco shell, everything. It was probably my greatest experience working at a fast food restaurant."

#### 2011 (San Jose)

Murray State, Cook enjoyed a productive rookie season split between the 2010 American Conference Champion Tampa Bay Storm and the Oklahoma City Yard Dawgz. He'll help protect OB Mark Grieb's blind side while being a force in the running game and linebacking corps.

#### SABERTOOTH

- Chad got the nickname Tank when he was a little boy during football practice. He ran through a guy and people came over because the sound of the impact was so loud that they thought there was a car crash. They had to bring out an ambulance for the other kid. Ever since the hit people have referred to him as Tank, including his two daughters who call Chad, Tank Tank.
- His mom has always been on Chad to have a backup plan with education and she's been his support system throughout playing football. Chad has always had positive role models in the football world, including his father Charles Cook who played for the Pittsburgh Steelers from 1962 to 1965 and went on to become a wrestler in the WWF alongside Dwayne "The Rock" Johnson's father, Rocky Johnson. His godfather, Roosevelt Taylor who played for the Chicago Bears and his uncle Jamie Caleb who was a fullback for Jim Brown of the Cleveland Browns were also great influences in his life.
- He was born and raised in New Orleans and while he was away at college when Hurricane Katrina hit, he still felt the impact. His parents had thankfully gotten out before it hit and he received news from his godbrother that their neighborhood had been wiped out just days before his first gome his junior year. "When I finally wend down there it literally looked like a ghost town. The smell was just horrible, you had to put on masks just to go down there it was that bad." His parents were able to rebuild their home and moved back to New Orleans in 2009. While there are homes being rebuilt there isn't much else, so Chad has aspirations of setting up a foundation that can build community center in his hometown. "I would like to do something, put a community center in our area because right now it's nothing and it's hard for people to even move back."
- When he was younger Chad and his cousin started a lawn

mowing business called, Chad and Noah's Lawn Mowers Company. They put up fliers on poles around the neighborhood and mowed lawns for around \$10. However, business was halted after they mowed a certain lady's lawn. The lady in particular had been cutting her grass with a pair of scisors so it was all patched up. She wanted them to fix her lawn which was relatively large and all they had was a push mower. They cut the front and she wanted them to cut the back as well, however, with the way New Orleans is the roots of the oak trees come out of the ground moking it difficult to do an effective job. By the time they reached the back they realized it was very dirty and that she was a borderline hoarder. They both looked at each other and decided that the lawn mowing business wasn't for them.

A tall, physical receiver, Nichiren Flowers joins the SaberCats for his second season in the AFL

and first with San Jose. A force in the red zone, Flowers has ranked among the leaders on his respective teams in both the AFL and af2 throughout his career and will look to impose his large frame on defenses this season.

#### SABERTOOTH

- The passing of his father, Ron Flowers, greatly impacted Nichiren's life. His parents divorced when he was young and Nichiren was raised by his mother Wanda in a Christian household, while his father was Buddhist. Although he visited with his father they weren't very close and he didn't learn much about his Buddhism when he was younger. "A little after he passed I ventured off into searching to find the history behind my name and what influenced him to name me that. It's brought along this whole enlightenment as far as Eastern religion and Buddhism go." After college, Nichiren began studying more about Buddhism and read books by the Dali Lama, Ekhart Tolle and more. Through his studies Nichiren discovered he was named after a Buddhist monk. "It means enlightened one which is the whole message of the Buddha, to become enlightened and his search for enlightenment." He now uses those teachings as a part of his life philosophy. "The last few years of studying Eastern religion, it's just seeing yourself in every living thing you awaken a part of vourself that's been closed off."
- Nichiren has plans to become a certified personal trainer and it's something that he's very passionate about. "Just the benefit of helping others and seeing them reach goals and attain things, whether that's with youth or older people." He also wants to coach youth football and spent the 2009-2010 season coaching at Tulare High School (his alma mater).
- Outside of football Nichiren has a few hobbies that he enjoys including roller skating. "I know it's funny, but I used to roller skate in college." There was a roller rink near the University in Reno and Nichiren and his friends would hang

out there on Sundays. He had a friend who was from the Bay Area and would always talk about the roller rink he would go to in Milpitas, so that's something that Nichiren plans to do while he's in the area on an off day.

- Nichiren's spent a lot of time working with youth at various Boys and Girls clubs in California, Idaho and Nevada. He's been a team supervisor and on the front desk. He enjoyed being a team supervisor, working with kids and settling up various programs for them.
- Tattoös include a Thundercat on his shoulder and back that signifies his childhood and his favorite cartoon that he got when he was a senior in high school. He has another tattoo on his arm of a rose that says "Mr. Flowers," which represents his father's side of the family and that part of his heritage. His last tattoo is on his chest which reads, "Forever Blessed" and has angel wings with a halo on top, which was for the spiritual aspect of his life.

Samora Goodson reioins the SaberCats after originally signing with San Jose prior to the 2008 season, where he spent a majority of the year on the practice squad before being elevated to the active roster during the postseason. He adds size and speed to San Jose's receiving corps.

#### SABERTOOTH

- Standing at 6'3'' today, Samora was 5'4" in high school and starring in sports when he experienced a sudden growth spurt that changed his body so much that it took away from his athletic prowess. "I think I lost some confidence and I switched sports from basketball to football my senior year." Once Samora began to refine his technique and develop as a football player, he was named All-Conference and All-State in football.
- Samora was raised on an unusual diet growing up, eating a lot of traditional Jamaican food. "We grew up eating goat, ox tail, and Jamaican gingerbread." The exposure to unique flavors from a young age has made him adventurous in his eating habits including one dish that most Americans have never sampled. "I really enjoy chicken feet now, they're delicious."
- Coming from an athletic family, Samora credits his family's track and field background for his ability to separate from defensive backs and his aunt and cousin both competed in the Olympic Games for Jamaica and the U.S. respectively. He ran hurdles for a while but eventually lost his nerve for it. "I got way too scared running hurdles and ended up running into a few of them." Samora was so fast in grade school that he set the school record in fourth grade by running the 400M in 58 seconds. "My friends called me Sonic because I was so fast.\*
- Samora plays the piano to relax and writes his own music. He credits his father's love of music as a large influence on his piano playing and the development of his musical

12TH YEAR, 11TH WITH SI

A three-time ArenaBowl champion and two-time ArenaBowl MVP, Mark Grieb returns for his

12th season in the AFL and 11th with the Saber-Cats. A legend in league circles, he ranks among the all-time leaders in franchise and AFL history. With an accurate arm and an advanced offensive mind. Grieb will look to lead the SaberCats back to prominence in 2011.

#### SABERTOOTH

 During his two-year hiatus from the league, Mark earned his teaching credential and taught biology at Arnold O. Beckman High School in Southern California. The three-time champion admits that a classroom full of students was no easy task, despite his background on the big stage. "It was a real eye opener as far as how to teach, how to work with a group of people, that many people at one time because you essentially have 35 kids that are all at somewhat

different levels and you are trying to teach a unit and yet make it apply to each one of them." Mark also served as offensive coordinator for the high school team and sees himself getting involved in coaching at the collegiate level or above when his career is over. His background in teaching and coaching will be a huge asset in helping the team in 2011. "I think teaching has made a huge difference as far as understanding what people's motivations are, understanding what my role is.

- · One of the most cerebral quarterbacks in AFL history, Mark admires the talents of some of the smartest quarterbacks in the NFL including Peyton Manning, Joe Montana and Kurt Warner. A 12-year veteran of Arena Football, Mark once squared off against QB Kurt Warner as a member of the Anaheim Piranhas in 1997. The game was played in lowa against Warner and the Barnstormers and Grieb had a victory within reach before Warner took over at the end of the game. "We had him on the ropes for three quarters and then the wheels on the bus came off.
- In getting prepared for the 2011 season, Mark spent time doing cardiovascular workouts up a hill in Road City. This particular hill is popular here in the Bay Area because WR Jerry Rice would run full sprint up the hill during his time with the 49ers to get in shape for his NFL career. Being away from the league for two years, Mark struggled at first, but found himself in great shape when it was all said and done. "The first day, it took me near a half an hour. Entering his first season in the AFL, George Hypolite enjoyed an outstanding career at the University

of Colorado before spending time with the Jacksonville Jaguars and Carolina Panthers. Alongside defensive linemen Gabe Nyenhuis and Adam Huebner, he is a part of one of the more formidable defensive lines in the league.

#### SABERTOOTH

- George has long aspired to be a lawyer and received some great advice about preparing for law school from Assistant Federal Prosecutor Mark Childs. Childs told him that he should choose a major that meant something to him because as long as he was academically successful and had high test scores, the specific major wouldn't matter. "I was drawn to Ethnic Studies (American Indian and African American studies) and got done with my Ethnic Studies work quickly. When I found out that I was only a semester away from completing a Women's Studies degree I completed it." After completing his degrees, George wrote an Honors Thesis during his senior year of college
- The three most influential people in George's life are his mother, sister, and grandmother. He describes his mother as "unbreakable, like a rock. She's done amazing things with her life and her spirit has always had a huge effect on me." His sister Alexandra has also played a large role in his life and is "willing to give of herself to the people she loves so much that it's infectious." George's grandmother is not only his namesake, but very similar to him in many ways. "She has an amazing ability to see things how they really are, to work to fix the wrong and to work to keep the right moving in the right direction.
- · George didn't play football until his junior year of high school, in part because of the success he had experienced playing baseball and basketball. "I had an epiphany one day. When you play a lot of sports and are athletically gifted you develop a fear of failure and stick with what you're good at. I was afraid at not being good at football." After one of his coach's shared with him his regret of never finding out if he could be successful at football, George decided to give it a shot and has felt at home on the football field from that point on.
- · George has spent hundreds of hours volunteering with community groups beginning in high school including Good Shepherd Center (a shelter for homeless women and children), Project Angel Food making food for homebound AIDS and cancer patients, and Boulder Safe. In addition, George has completed a business plan for "Eth-

el's Heart and Mary's Love", an organization designed to assist in rebuilding community infrastructure in inner cities. Some components of the organization include a soup kitchen, a subsidized farmer's market, and building homes for low-income families to rent-to-own.

- Earned several team awards at Colorado, including the Dean Jacob Van Ek Award for academic excellence, the Robbie Robinson Award for community service, and Best Interview as selected by the school's beat media.

A local product, Chido Nwokocha most recently played for the

Sacramento Mountain Lions of the UFL. A great all-around athlete, he'll add depth and speed to the SaberCats receiving corps.

#### SABERTOOTH

- Chido's parents were born and raised in Nigeria so growing up was challenging for him being first generation American. "Growing up was hard just because you kind of have to live the double life. You have to live the cultural way from Nigeria and then also the American way how your friends grew up. My friends would do things that kind of didn't translate to how my parents were raised and it was diways conflicting and clashing especially because I was first generation American." Chido is one of the oldest out of his six siblings so he was one of the first ones to experience life growing up in America. "I always feel like my younger brothers and sisters have it easy now because I went through all the hard stuff and now my parents understand a little more."
- He describes himself as very confident and extremely outgoing; a social butterfly of sorts. "I genuinely like meeting new people, talking to new people and getting to know them." Chido also thinks of himself as being goofy. "Just because of what I am physically people don't know that I'm a goofball. My friends love hanging out with me, I'm always cracking jokes. I just like to make sure when you're around me you're always having a good time, smiling and laughing."
- Holding a degree in Health Services, Chido worked as a mental health worker at a psychiatric hospital in Sacramento. He's very much hands on with the patients and works specifically in the children's unit with kids ages 13 to 17. Having a background working with children in football and basketball camps made this job a logical choice.
   "It's something that I've grown with and it just comes natural to me."
- Chido would like pursue a career in stand up comedy. He has a knack for doing impressions and telling animated stories, so acting is something else that he would really like to try out.
- In 2007 during Chido's senior year of college his older brother Chimex passed away at the age of 24 during a heart operation. "That definitely affected me, I dian't have a great senior year. I was kind of on an emotional roller coaster, up and down. He was the reason I played so I was still struggling with it." They were very close grow-

ing up as they were only two and a half years apart. "With my brother he was special needs so all his baseball organizations and camps I was always really involved in those and that's what kind of transitioned me into working with kids. So I've always been involved in that working with special systems kids."

**CHAMPIONS** 

• When Chido first returned to Sacramento from college he began working at a group home and eventually a hospital. However, he still had football on his mind and had a tryout with the Sacramento Mountain Lions of the United Football League. The day of his private workouts with the Mountain Lions he got a call from Sutter Medical Center in Sacramento offering him a job. "I had to make the decision whether I was going to take this job, which was a really, really good job or officially start and pursue my football career and get it going gaain." While it idin't work out with the UEL and he didn't get his job back at Sutter, it did open up new doors for him, reviving his football career. "I would do that again in a heartbeat and wouldn't think twice."

#### SABERTOOTH

 Growing up wasn't always easy because he spent a lot of time moving around. "It was hard especially going to different schools. Everyone grew up together and you come in as the new kid but I would constantly be doing that." Yet, it was through those experiences that he was able to meet a few people who he remains friends with to this day. Although he's lived in many different cities, he considers Asheville, North Carolina to be his childhood home and spent a lot of time moving within the city. He jokes that he's probably been to every school in the area. Even though it was a tough experience Robbie finds benefits to it. "It still helps me today football-wise with all the moving I do and adjusting I do. It's like second nature."

- There are many avenues that Robbie is looking at for his post football career. He considered jobs in coaching, graduate assisting, working with his father in financial advising or joining the ministry. However, he's really just being patient and not forcing anything. "I'll take one day at a time and see what happens."
- Robbie lived in India for an entire month when he was six years old. "It was a splitual journey that my mom was going on that I was a part of." He participated in chants and dances among other activities. "From the parts I can remember it was unique. Seeing monkeys jumping around coming to eat your food, people riding camels, seeing people on the street poor with nothing, malnutritioned; it was unique."

2011 Media Guide

## A HISTORICAL LOOK AT THE SABERCATS

**CHAMPIONS** 

WHEN IT STARTED

October 26, 1994 was the day the Arena Football League approved the city of San Jose's application for an expansion franchise to begin play in 1995. San Jose became the fifth AFL expansion team for the 1995 season, along with St. Louis, Memphis, Hartford and Des Moines. The expansion of the league by five teams is the largest expansion of an American professional sports league since the National Hockey League added six teams in 1967.

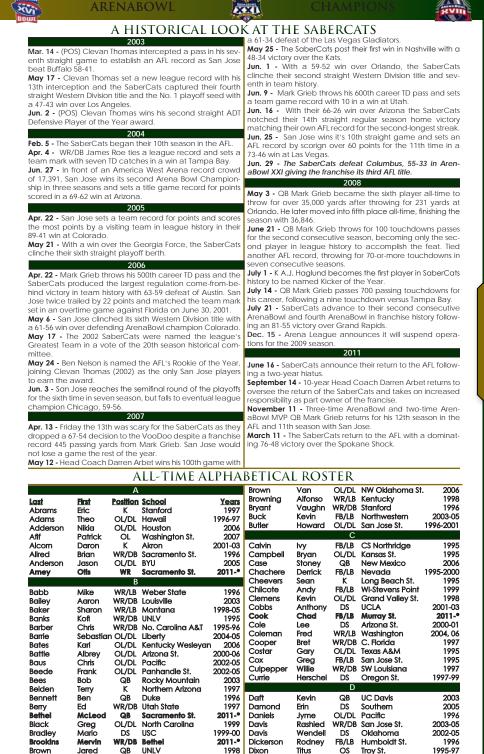

THE NAME

The name SaberCats protrays a vivid image of strength, power and destruction. In prehistoric times, the Sabertooth Cat (known as "Smilodon Californicus" to archaeologists) was widely found throughout Europe and the United States with the largest concentration believed to inhabit what is now California. The ancient prehistoric cat was a formidable hunter that was rendered extinct by the massive ice flows that covered much of the earth during the "ice Age" more than 2,000,000 years ago. The United States is home to the largest collection of fossilized dinosaur bones found in the word, with the largest number of Sabertooth Cat fossils found in Southern California's La Brea Tar Pits. In fact, due to the enormous number of fossils unearthed, the Sabertooth Cat has been adopted as California's official stref fossil. The classic Sabertooth Cat was was a fierce predator whose whole body was powerfully built to make if a very efficient carnivore.

THE PLAYERS

He will forever be the answer to a SaberCats' trivia question. Who was the first official player in San Jose history? That distinction goes to Jeff Mayes, a wide receiver/linebacker from Vanderbilt University, who was San Jose's first selection (fourth overall) in the 1994 AFL Expansion Draft. Other notables in the draft included WR/DB Amod Field (second round), WR/DB Anthony Howard (fifth round), WR/DB Chris Barber (sixth round) and OL/DL Alo Sita (seventh round). The roster of players assembled by Director of Football Operations Terry Malley and Head Coach Todd Shell finished its inaugural season with a record 0 f8-4 and became the first team in professional sports history to capture a division championship as an expansion team.

Dec. 13 - The AFL holds its expansion draft with WR/DB Jeff Mayes being the first player selected by San Jose. # AFL COMMISSIONER JERRY KURZ

Jerry B. Kurz returns for his second season as the AFL's Commissioner. Commissioner Kurz has been involved with Arena Football for the past 25 years, including five seasons as president with arenafootball2 (af2). Out-tenured only by the creator of Arena Football, Jim Foster, Kurz has dedicated his life to furthering the sport with a strong business ethic and core values meant to bring the highest quality product to the ever-growing fan base of arena football fan.

In his time as the president of the af2, the league saw extensive growth in small-to-mid sized markets, building an extremely dedicated fan base across the country. That foundation helped to fuel the return of the Arena Football League in 2010 after a year on hiatus due to financial instability. Kurz and a group of enthusiastic investors arranged the acquisition of the AFL's assets in bankruptcy court in late 2009 and revived the league in early 2010, fulfilling the promise that arena football would be played in 2010.

Kurz has also served as the AFL's Vice President of International Development, where he was in charge of the League's international exposure. During his tenure, he was responsible for administering the H3 Visa program, allowing international players to play for AFL

teams stateside. He also arranged and executed all internationally played games for the Arena Football League.

Arena Football isn't Kurz's only claim to fame. He is also a founding member of Gridiron Enterprises, Inc., a sports consulting firm based out of Chicago. Gridiron Enterprises, consisting of Kurz, Foster and athomey William Niro, is the original founder of the AFL. Kurz has been a player, a coach, a general manager and an owner during his lifelong involvement with the game of football. He is also a member of four football Hall of Fames, including membership in the first class of the Arena Football Hall of Fame as well as membership in the arenafootball 2 Hall of Fame.

Kurz attended the University of Oklahoma as an undergraduate and later earned his Juris Doctor Degree at Northen IIlinois. Kurz is a licensed attorney in Illinois and operated a law firm with his wife, Kathryn Hall, for 20 years. Jerry and his wife, Kathryn, have one son named Matthew who is currently a football coach at Lake Forest College.

## 2011 PLAYOFF FORMAT

CONFERENCE CHAMPIONSHIPS With divisional champions and a 12 team playoff format.

#### 1. 12 teams qualify for the playoffs:

- Six teams qualify from each conference
- 2. Two division champions from each conference
- 3. Four Wild Card from each conference (teams with the re-

maining best records within the conference)

a. Playoffs are separated into conferences with the division champions receiving a bye in the Wild Card Round. The highest seeded Wild Card hosts the lowest seeded Wild Card team and the second highest seeded Wild Card hosts the third highest seeded Wild Card team.

b. Winners of the Wild Card rounds within each conference advance to the divisional round. The highest seeded division champion hosts the lowest seeded wild card team remaining and the second highest seeded division champion hosts the highest seeded wild card team remaining.

c. Winners of the divisional rounds within each conference advance to the conference championships. Teams are re-seeded, regardless of division champions and the highest seeded team remaining hosts the lowest seeded team remaining and the second highest seeded team reamining hosts the third highest seeded team remaining.

d. Winners of the conference championships advance to the ArenaBowl.

e. This format gives the division champions an opportunity tohost a divisional round game. Based on division round games, this scenario also gives a wild card team an opportunity to host a conference championship game bcecause teams are re-seeded after the divisional round. TIE-BREAKING PROCEDURES

If, at the end of the regular season, two or more teams are tied with identical won-lost percentages, the following steps will be taken to determine seeding.

#### TWO TEAMS

1. Head to head (best won-lost percentage in games between teams).

2. If teams split head-to-head games, the next tiebreaker will be the point differential in those two games.

3. Best won-lost percentage in common games, if applicable.

4. Strength of schedule (total number of wins by opponents already played).

 Best net touchdowns in all games (individual team touchdown differential =TD's for - TD's against).
 Coin toss

#### THREE OF MORE TEAMS:

If two teams remain tied after a third team is eliminated during any step, tiebreaker reverts to step one of the two-team format. If one team wins multiple-team tiebreaker to advance to playoff round, remaining teams revert to step one of the two-team format. All tied teams must have played all other tied teams head-to-head for step one to be utilized in a multiple-team tie.

1. Head-to-head (best won'lost percentage in games among teams).

2. Best won-lost percentage in common games, if applicable.

3. Stength of schedule (strength up).

- 4. best net (total) touchdowns in all gmaes.
- 5. Coin toss.

\*To serve our community with pride and passion as a quality example of individual and team excellence on the field, in the office, at the arena and within the community by consistently exceeding our customers' expectations by demontainment experience.\*

# RULES OF THE GAME

#### FIELD

An indoor padded surface 85 feet wide and 50 yards long with eight-yard end zones.

Goal posts are nine feet wide with a crossbar height of 15 feet (NFL goal posts are 18-1/2 feet wide with the crossbar at 10 feet).

The goal-side rebound nets are 30 feet wide by 32 feet high. The bottoms of the nets are eight feet above the ground. Sideline barriers are 48 inches high and made of high-density foam rubber.

#### EQUIPMENT

The official football is the same size and weight as the National Football League ball. Each ball is manufactured by Spalding, a division of Russell Corporation.

#### PLAYERS AND FORMATIONS

Eight players on the field; 21-man active roster; three-man inactive roster.

Players may play both offense and defense.

Substitution: Coaches are permitted to substitute players at will.

Four (4) offensive players must line up on the line of scrimmage.

Three (3) defensive players must be down linemen (in a three- or four-point stance). One linebacker may blitz on either side of the center. Alignment is two-or-more yards off the line of scrimmage. No stunting or twisting.

Offensive motion: One receiver may go in forward motion before the snap.

#### TIMING

Four 15-minute quarters with a 15-minute halftime.

The clock stops for out-of-bounds plays or incomplete passes only in the last minute of each half and when the referee deems it necessary for penaltiles, injuries or timeouts. Each team is allowed three (3) timeouts per half.

#### MOVEMENT OF THE BALL AND SCORING

Four (4) downs are allowed to advance the ball 10 yards for a first down, or to score.

Six (6) points for a touchdown.

One (1) points for a conversion by place kick after a touchdown, two (2) points for a conversion by drop kick and two (2) points for a successful run

or pass after a touchdown.

Three (3) points for a field goal by placement or four (4) points for a field goal by drop kick.

Two (2) points for a safety.

#### KICKING

Kickoffs are from the goal line. Kickers may use a one-inch tee.

Punting is illegal. On fourth down, a team may go for a first down, touchdown or field goal.

The receiving team may field any kickoff or missed field goal that rebounds off the net.

Any untouched kickoff, which is out of bounds, will be placed at the 20-yard line or the place where it went out-of-bounds, whichever is more

advantageous to the receiving team.

#### PASSING

Receivers must have one foot inbounds for a catch. A forward pass that rebounds off the rebound net or sideline barrier is a live ball and is in play until it touches the playing surface.

#### OVERTIME RULES

Overtime periods are 15 minutes for both the regular season and the playoffs.

Each team gets one possession to score. If, after each team has had one possession, one team is ahead, that team wins. If the teams are tied

after each has had a possession, the next team to score wins.

# HP PAVILION AT SAN JOSE

HP Pavilion at San Jose has been recognized as the biggest success story in the revitalization of downtown San Jose. For more than a decade the facility with its distinctive 10-story glass pyramid entry and unique stainless steel facade has been the place to be and be seen in the Bay Area.

Located in the heart of Silicon Valley, HP Pavilion is an exemplification of the architectural excellence and technological innovation that defines the area.

That statement carries more weight today, especially after the completion of a \$16.5 million renovation over the summer of 2007. The costs were shared by the City of San Jose and HP Pavilion.

Patrons entering HP Pavilion will now enjoy the latest in audio and video technology to enhance their viewing experience. Most noticeable to the eyes is the high resolution LED center hung scoreboard - one of the largest in North America. The middle of the arena bowl features a full-color moving LED fascia display (also known as a ribbon board).

For the ears, there's a new state-of-the-art digital sound system and acoustical improvements. Finally, there were some minor changes to allow for interfacing with high definition telecasts orginiating from HP Pavilion and an increased rigging capacity for concerts and shows.

Besides the San Jose Sharks, champion teams (such as the three-time ArenaBowl Champion San Jose SaberCats of the Arena Football League and the 1995 Roller Hockey International Champion San Jose Rhinos) and championship events (three NCAA Men's Basketball Western Regional Finals, 2003-07 Pac-10 Women's Basketball Voursament, 1999 NCAA Women's Basketball Final Four and the 2007 Visa Gymnastics Championships) have take place at HP Pavilion.

In addition, headliners such as Bruce Springsteen, The Rolling Stones, Barbra Streisand, The Three Tenors, Paul Mc-Cartney have performed before capacity crowds.

HP Paviliion at San Jose continues to set the standard for sports and entertainment venues worldwide. Pollstar Magazine ranked HP Pavilion as the No. 3 venue in the United States and seventh in the world in terms of non-sports tickets sold during the 2005 calendar year.

"HP Pavilion is San Jose's premiere sports and entertainment venue, drawing hundreds of first class events to San Jose every year," San Jose Mayor Chuck Reed said at the press conference announcing the improvements. "It's an economic engine that brings hundreds of thousands of people to downtown San Jose every year. We want to ensure that it continues to thrive in that role for the foreseaable

future.

"The staff at HP Pavilion at San Jose takes great pride not only in providing world-class entertainment to our fan base, but also in maintaining a state-of-the-art venue that the people of San Jose can take pride in," Silicon Valley Spots and Entertainment President and Chief Executive Officer Greg Jamison soid. "The enhancements will not only improve the quality of the fan experience, but it will also get the building to the standards that have become customary in entertainment facilities today."

#### INSIDE THE IMPROVMEMENTS CENTER HUNG SCOREBOARD

The new high resolution display is 18x24 feet and provides a 16x9 video image ratio used in High Definition television displays. The old analog video display was 9x12 feet.

#### LED FASCIA DISPLAY

This full-color, moving LED display (also known as a ribbon board) provides a very dramatic visual experience for guests.

The display allows HP Pavilion to provide flexible programming for events such as the NCAA Championships that require specific guidelines.

#### SEATING AREA SOUND SYSTEM

The new sound system uses state-of-the-art digital equipment and incorporates outward facing speaker clusters as opposed to distributed speaker placement.

Guests will notice a clearer, more audible sound quality as sound will be generated from the center of HP Pavilion, as opposed to all around the building.

#### RIGGING CAPACITY UPGRADE

The capacity was increased from 75,000 to 150-200,000 pounds.

Concerts and in-arena events now utilize standard loads of 60-80,000 pounds and larger shows run 125-150,000 pounds. When HP Pavilion opened in 1993, a standard show load was 40,000 pounds and large shows had an average load of 60-80,000 pounds.

#### HD VIDEO EQUIPMENT UPGRADE

More sporting events are now being televised in HD, as opposed to analog.

The upgrade insures relability and interfacing with the new center hung scoreboard, LED systems, TV trucks and the new HP HD televisions within HP Pavilion.

## HISTORY AT HP PAVILION THE SABERCATS RECORD IN HP PAVILION

The SaberCats hold a distinct advantage when it comes to playing in HP Pavilion. Over their history the SaberCats have compiled a 77-26 (.748) regular season record and are 13-4 (.765) in the postseason for a combined 90-30 (.750) ledger. Under Owner/Head Coach Darren Arbet the SaberCats own a 63-13 (.829) regular season record and are 13-3 (.813) in postseason games at HP Pavilion. San Jose has held three regular season home win streaks of 10 games or more in recent history and had a 14-game regular season winning streak that stretched from June 16, 2001 to April 11, 2003. Included in that run were four playoff wins that stretched the team's overall win streak to 8 games. From April 19, 2003 to May 30, 2004 the SaberCats strung 10 consecutive regular season wins together and twice the team has gone an entire season without losing a home game. In 2002, when the SaberCats captured their first ArenaBowl fille, they were a perfect 7-0 during the regular season and 3-0 in the playoffs, including a resounding 52-14 win before a sellout crowd of 16,942 in ArenaBowl XVI on August 18, 2002.
