**Team Captain: Brian Joy**

**Trainer: Donald Pereira**

The California Sunshine will leave for a 5 game Eastern road trip on June 23.

**OUR NEXT HOME GAME IS ON SATURDAY, JULY 12, 1980, AGAINST THE PENNSYLVANIA STONERS - KICK-OFF 7:35 P.M.**

This will be our first home game against the Stoners. Let's have a good strong turn out to welcome the Sunshine back home!

## ATTENTION SUNSHINE FANS

Please read the following letter:

Americanization is a word that has been tossed around a lot in soccer circles over the last couple of years. It simply means bringing more American born players into the professional game, and playing them to gain experience. With all the youth leagues playing soccer throughout the U.S., we must develop the talented players that come up through these leagues.

It is very easy to talk about Americanizing a team, but hard to do. In order to stay competitive within the league, you have to field the best team possible to give the fans what they expect.

The Sunshine made a commitment to Americanize this year because we believe in it, and we think it is what the community wants. We now have 8 American players on a roster of 15 assigned to the team. We feel very confident with these players, and we know we are a very competitive team.

The Sunshine has also gone ahead to develop 2 Jr. teams, one in Orange County and one in the South Bay area. This is a great way for the local talent to get showcased in front of pro coaches, and to work with the pro teams during training. It also gives every boy the chance to make the pro team in his community.

All of you who agree with our philosophy of Americanization have a unique opportunity to get behind a club which has proven its dedication to Americanization. With your support, the support of your friends and neighbors we can make it work.

Yours in Soccer,

Peter Chaffey  
Director of Marketing
