JERRY KURZ

AFL COMMISSIONER

Jerry B. Kurz returns for his second season as the AFL's Commissioner. Commissioner Kurz has been involved with Arena Football for the past 25 years, including five seasons as president with arenafootball2 (af2). Out-tenured only by the creator of Arena Football, Jim Foster, Kurz has dedicated his life to furthering the sport with a strong business ethic and core values meant to bring the highest quality product to the ever-growing fan base of arena football fans.

In his time as the president of the af2, the league saw extensive growth in small-to-mid sized markets, building an extremely dedicated fan base across the country. That foundation helped to fuel the return of the Arena Football League in 2010 after a year on hiatus due to financial instability. Kurz and a group of enthusiastic investors arranged the acquisition of the AFL's assets in bankruptcy court in late 2009 and revived the league in early 2010, fulfilling the promise that arena football would be played in 2010.

Kurz has also served as the AFL's Vice President of International Development, where he was in charge of the League's international exposure. During his tenure, he was responsible for administering the H3 Visa program, allowing international players to play for AFL teams stateside. He also arranged and executed all internationally played games for the Arena Football League.

Arena Football isn't Kurz's only claim to fame. He is also a founding member of Gridiron Enterprises, Inc., a sports consulting firm based out of Chicago. Gridiron Enterprises, consisting of Kurz, Foster and attorney William Niro, is the original founder of the AFL. Kurz has been a player, a coach, a general manager and an owner during his lifelong involvement with the game of football. He is also a member of four football Hall of Fames, including membership in the first class of the Arena Football Hall of Fame as well as membership in the arenafootball2 Hall of Fame.

Kurz attended the University of Oklahoma as an undergraduate and later earned his Juris Doctor Degree at Northern Illinois. Kurz is a licensed attorney in Illinois and operated a law firm with his wife, Kathryn Hall, for 20 years. Jerry and his wife, Kathryn, have one son named Matthew who is currently a football coach at Lake Forest College.

Equipment

- The official football is the same size and weight as the National Football League ball. Each ball is manufactured by Spalding, a division of Russell Corporation.

Players and Formations

- Eight players on the field; 21-man active roster; three-man inactive roster.
- Players may play both offense and defense.
- Substitution: Coaches are permitted to substitute players at will.
- Four (4) offensive players must line up on the line of scrimmage.
- Three (3) defensive players must be down linemen (in a three- or four-point stance). One linebacker may blitz on either side of the center. Alignment is two-or-more yards off the line of scrimmage. No stunting or twisting.
- Offensive motion: One receiver may go in forward motion before the snap.

Timing

- Four 15-minute quarters with a 15-minute halftime.
- The clock stops for out-of-bounds plays or incomplete passes only in the last minute of each half and when the referee deems it necessary for penalties, injuries or timeouts.
- Each team is allowed three (3) timeouts per half.

Movement of the Ball and Scoring

- Four (4) downs are allowed to advance the ball 10 yards for a first down, or to score.
- Six (6) points for a touchdown.
- One (1) point for a conversion by place kick after a touchdown, two (2) points for a conversion by drop kick and two (2) points for a successful run or pass after a touchdown.
- Three (3) points for a field goal by placement or four (4) points for a field goal by drop kick.
- Two (2) points for a safety.

Kicking

- Kickoffs are from the goal line. Kickers may use a one-inch tee.
- Punting is illegal. On fourth down, a team may go for a first down, touchdown or field goal.
- The receiving team may field any kickoff or missed field goal that rebounds off the net.
- Any untouched kickoff, which is out of bounds, will be placed at the 20-yard line or the place where it went out-of-bounds, whichever is more advantageous to the receiving team.

Passing

- Receivers must have one foot inbounds for a catch. A forward pass that rebounds off the rebound net or sideline barrier is a live ball and is in play until it touches the playing surface.

Overtime Rules

- Overtime periods are 15 minutes for both the regular season and the playoffs.
- Each team gets one possession to score. If, after each team has had one possession, one team is ahead, that team wins. If the teams are tied after each has had a possession, the next team to score wins.

GLOSSARY

Ball In The Stands When a ball is thrown or bounces into the seats surrounding the playing field, the “lucky” fan that catches the ball keeps it.

Drop Kick A drop-kicked FG is worth 4 points. A drop-kicked extra point is worth 2 points. Former Milwaukee Mustangs kicker Kenny Stucker is the last man to have connected on a two-point dropkick (1997).

Fans More than 22 million fans have experienced an AFL game in the League’s 21-Year History. Last year, in 2007, the AFL drew a record 1,887,054 fans in the regular season, and including the post-season, more than 2 million fans attended games for the first time in League history.

Ironman Signifies participants playing both offense and defense.

“Mac” and “Jack” Linebackers “Mac” may rush the QB straight on without stunting, twisting or drop-back coverage. “Jack” must stay within an imaginary box behind the line of scrimmage. Either LB may cover the fullback or tight end.

Offensive Motion Unlike stadium-played football, one offensive back may go into forward motion prior to the snap of the ball.

Overtime Arena Football has a unique overtime rule. If a contest is tied after regulation, teams will play a 15-minute overtime. Each team will have one opportunity to score. If, after each team has had one chance to score, the game is tied, the first team to score is crowned the winner.

Rebound Nets Goal-side rebound nets extend outward from each upright. The nets are 30-feet wide, 32-feet high and extend to 40 feet above the playing surface. The bottom bars of the frames are positioned eight feet above the surface. The “scoring area” is nine-feet wide and 15-feet high. Nets are stretched taut so that a missed kick attempt will rebound off the net and back into the field of play. Once the ball caroms off the net, it’s live.

Sideline Barriers Similar to the sideboards that surround a hockey rink, the sideline barrier encircles the playing surface. The barrier is made of a high-density foam pad, measuring four inches thick.

Stunting or Twisting When a defensive lineman is rushing the passer, there’s no “stunting” or “twisting”. In other words, linemen are required to power past offensive linemen.

Tight End One offensive lineman must declare himself a tight end prior to the snap by simply raising his arm and “declaring” himself a tight end. The Mac (rush-eligible) linebacker must line-up on the opposite side of the center from the tight end.

Two-Way Players One of the most “throwback” features of the Arena Football League is the fact that the game features eight-on-eight football, where at times, some players will play both offense and defense.
