About Our Opponents:

The Delaware Soccer Club, Inc. is a newly formed Delaware Corp. holding a franchise in the professional American Soccer League. The owners are local soccer "buffs" dedicated to the advancement and Americanization of this exciting sport in Delaware. The Delaware Wings, will bring to Delaware top notch foreign and U.S. teams.

Soccer has made fantastic strides in recent years at the junior high, high school, and college level in Delaware. Soccer is rounding out athletic programs providing a sorely needed outlet, involvement and recognition for some of the finest athletic talent in the area.

Eight players on the Wings roster played with the Philadelphia All-Star team that defeated the U.S. Olympic team 1-0 last April 8, under the lights at Temple Stadium. Four were All-Americans.

The hope is that soccer will become a household word in Delaware and provide the families of the area with a pleasant way to spend their leisure time.
