Release: from R.I. Oceaneers

Unbeaten in nine straight games and headed towards the Midwest Division pennant, the amazing R.I. Oceaneers had some other things to think about today as they look to still another road game Saturday at Cincinnati.

Eddie McCreadie, the super back from the Chelsea team of England, will be playing his final game against Cincy. He has been on loan to the O's but has been called back by Chelsea to become a player-coach of that team. McCreadie will play against Cincinnati and then fly from Boston on July 15 to London.

McCreadie, not only has been a star with the O's in the ASL, but he has been a great team leader. "Ed has had a great deal to do with our success," Coach Manfred Schellscheidt said, "and we are going to miss him." The team will honor McCreadie at a party Thursday at which he will receive a special gift from the squad.

Don Roser, the spare goalie of the Oceaneers, has his own special problem - the mumps. His case may necessitate the whole squad being inoculated.

MEMBER AMERICAN SOCCER LEAGUE

The Oceaneers go into the game at Cincinnati having won five in a row away from home and four at Pierce Memorial Stadium for the 9-0-0 mark. Arnold Mausser, the 20 year old goalie sensation now known as "The Big Cat", recorded his fifth shutout of the season and third in a row. on Saturday with a 1-0 triumph over a very tough Boston Astro team.

Looking beyond an opponent is something the Oceaneers under Schellscheidt never do but the squad has its sights set on winning at Cincinnati so it can take a 10-0 record into the International Exhibition match on July 17 against West Germany's Werder Bremen. The game will be played at Pierce Memorial Stadium in East Providence and there will be no increase in the regular ticket prices.

West Germany is now the soccer capitol of the world, having beaten The Netherlands for the World Cup on Sunday. Several of the men who played in that game will play against the Oceaneers who will go into that game an underdog by a wide margin despite their great record thus far.
