# ABOUT THE WESTERN NEW YORK FLASH

## Team History

The Flash was founded by Joe Sahlen in 2008 as the Buffalo Flash and made its first competitive appearance in 2009 in the W-League. By 2010, the Flash had become the best team in the league, winning the W-League Championship by defeating the Vancouver Whitecaps 3-1 at Harry Welch Stadium in Santa Clarita, California.

The next year saw the Flash join Women's Professional Soccer (WPS) as an expansion team. With the league change, the team became the Western New York Flash and moved its home pitch to Rochester, NY at the newly named Sahlen's Stadium. With its first pick in the 2011 WPS Draft, the Flash selected Alex Morgan and later signed 2010 WPS MVP and WPS Golden Boot winner Marta and Canadian star Christine Sinclair. After finishing the year 13-2-3, the Flash won the regular season title and hosted the 2011 WPS Championship. The Flash became back-to-back champions in that game, defeating the Philadelphia Independence in penalty kicks in front of a WPS record 10,461 fans.

Marta again won the Golden Boot as the league's top scorer, while Ashlyn Harris was named US Coast Guard Goalkeeper of the Year and Whitney Engen honored as the WPS Defender of the Year.

After the WPS suspended operations, the Flash joined the WPSL-Elite in 2012 and continued its winning ways. The team won its third league title (all in different leagues) with another penalty kick decision. After finishing the regular season 9-3-2, the Flash earned the second seed in the WPSL-E playoffs and went on to defeat the New York Fury 1-1 (4-2 PKs).

With his successes, head coach Aaran Lines was named the FieldTurf Coach of the Year in both 2010 and 2011. The 2011 Flash squad was also named FieldTurf WPS Team of the Year.

In November of 2012, the Western New York Flash was selected as one of eight clubs for the then-unnamed women's professional soccer league. That league would become the National Women's Soccer League, otherwise known as the NWSL. In the team's first season in the NWSL, the Flash claimed the Regular Season Championship and landed the Number 1 seed heading into the playoffs. After beating No. 4 Sky Blue FC 2-0 in the semifinals, the Flash hosted No. 3 Portland Thorns FC at Sahlen's Stadium for the league title on August 31, 2013. In that game, in front of a season-high 9,129 fans, the Flash finished as runner-up after falling 2-0 to the Thorns.

The other teams in the NWSL are: the Boston Breakers, the Chicago Red Stars, FC Kansas City, the Houston Dash, Portland Thorns FC, Seattle Reign FC and Sky Blue FC. Each team will play 24 games with 12 both home and away.

The Flash train out of Sahlen's indoor soccer facility, Sahlen Sports Park, in Elma, N.Y. The Flash colors are red, yellow, and black, to represent the Sahlen entities: Sahlen Packing Co., Sahlen Sports Park, and Team Sahlen racing team.

# SAHLEN'S STADIUM

Official Stadium of the Western New York Flash

## About Sahlen's Stadium

The Flash will play all 2014 home games at Sahlen's Stadium in Rochester, NY. Formerly known as PAETEC Park and Marina Auto Stadium, Sahlen Packing Company claimed the naming rights in 2011 and the Rochester-owned stadium officially became known as Sahlen's Stadium. It has been home to the Western New York Flash since 2011.

The, primarily, soccer stadium is also home to the USL Pro team, the Rochester Rhinos and the Major League Lacrosse team, the Rochester Rattlers. The stadium also hosts a number of other sporting events, such as collegiate soccer, Rochester Rhinos Elite youth soccer games, football, kickball, and field hockey. Additionally, it has been used for drum and bugle corps competitions and concerts.

The stadium's construction began in 2004 and was completed in 2006. It was funded jointly by the state of New York, the city of Rochester, and the Rochester Rhinos. It features a synthetic grass turf field and has a capacity of 13,768 seats. It has five permanent concession stands, featuring Sahlen's products, such as their hot dogs. There are also a number of outside vendors that have mobile kiosks set up around the park. The stadium is wheelchair friendly, and smoke-free within the seating bowl.

The stadium's highest attendance record of 15,404, was set on July 20, 2011 during a match between the WNY Flash and the magicJack. The above seating capacity number was allowed due to additional bleacher seats being added and standing room only tickets sold to accommodate the high demand. The game featured international superstar and Rochester native Abby Wambach of the magicJack, as well as other national team players coming home from the United States Women's National Team second place finish to Japan in penalty kicks at the 2011 FIFA Women's World Cup. The game was also the largest single-game crowd in WPS history.

## Group Ticket Opportunities

---

### *Dream Team*

The "Dream Team" is a one-of-a-kind experience offered by the Western New York Flash! Each game, one lucky group will have the opportunity to walk with the players out to the field for starting lineups and the national anthem. To be eligible for the Dream Team, groups must purchase a minimum of 50 tickets. All Dream Team selection will be done on a first-come, first-served basis.

### *Ball Crew*

The Flash are also looking for groups to serve as the ball crew for each of our 12 home games. The ball crew plays an important role in the game, as they assist players when soccer balls go out of play. The Ball Crew will be stationed on the field, just behind the advertisements. To be eligible for the ball crew, groups must purchase at least 50 tickets and crew members must be 12 years of age or older. Crew members will also receive a complimentary Flash t-shirt!

## **About Sahlen Sports Park**

---

Sahlen Sports Park, located in Elma, NY, just 15 minutes outside of Buffalo, is the official training home of the 2013 NWSL Shield-winning WNY Flash. Purchased by Joe Sahlen in 1999, the Sports Park is a 200,000 sq. ft. multi-sport indoor facility with three open fields including a full regulation-size soccer field, one boarded field, the STA Sports Performance Training fitness center, pro shop, and café. Recreational and advanced programs, as well as leagues, are offered for kids and adults in soccer, lacrosse, flag football, baseball, softball, and field hockey.

SSP sees more than 500,000 visitors each year and is also home to the Western New York Flash Academy. Over 4,100 players are registered annually (Sept.-Apr.) to participate in SSP's youth soccer leagues and programs, only a fraction of the 17,000 youth sports participants who play at Sahlen Sports Park each year.

For more information, visit [www.sahlensportspark.com](http://www.sahlensportspark.com) or stop by and check out the facility. Also be sure to "like" SSP on Facebook (<https://www.facebook.com/SahlensSP>) and follow SSP on Twitter (<https://twitter.com/SahlensSP>) and Instagram (<http://instagram.com/sahlenssp>).

# 2014 NWSL MEDIA POLICIES

Media credentials and access will be granted only to individuals with a legitimate working function at a game, training session or event. The bearer must be on a specific assignment. Credentials are non-transferable. Any unauthorized use of a credential subjects the bearer to ejection from the stadium. Resale or attempted resale is grounds for seizure and cancellation.

The following actions may result in seizure of credential and/or ejection of its wearer from the stadium or training facility:

- Requesting autographs at any time.
- Taking photographs with players/coaches
- Using credential for family or friends of a working media members
- Conduction unauthorized interviews
- Unprofessional behavior (Cheering in the press box, consumption of alcoholic beverages, failure to abide by posted rules, etc.)

## **Treatment of Credentialed Media**

Postgame Media Access: Players from both teams will be available to media post-game in a mix-zone located outside the team locker rooms or in a location near the field of play. The mix-zone will begin 10 minutes after the conclusion of the match. Locker rooms will not be open to media at any point.

Team PR directors should be present to indicate the beginning and end of media access to players, and ensure media have access to the head coach and all players after the match. All players are required to be available to media post-game.

All regulations about post-game media access should be clearly communicated to team staff and security to ensure a secure environment.

No individuals other than League or Club representatives shall be allowed in Club locker rooms following a game.

Under no circumstances shall any club and/or its players discriminate in any fashion against an accredited member of the media based upon race, creed, sex or national origin.

## **Seating Access**

Accredited media members will have access to the stadium, professional workrooms and stadium seating, if available. During the match, accredited media will have access to the press box which will be restricted to only those accredited media members.

In addition, each stadium should have a Press Box capable of seating no less than TEN (10) people, with separate areas for working press and electronic broadcasters, and sufficient power outlets for all needs. If possible, all accredited media members should be given a seat in the press box.

All credentialed media shall be seated in media seating areas, consistent with treatment afforded comparable media. In addition, all members of the media are to be afforded equal treatment and access to facilities and personnel, regardless of sex.

When the press box is fully occupied by working media, referee assessors or in-stadium observers shall be provided seating with a desk or table shielded from the weather and a vantage point to view replays (if available) from any telecast. The specific location may be determined by the Home Team but must provide these minimum accommodations.

In order to maintain the integrity of the working press box, seating is specifically reserved for media members. All other individuals (including player agents, VIP's and administrators) should be seated in overflow booths or assigned stadium seats.

## **Traveling Media**

Members of the working media who travel with a visiting team are not to be treated in a discriminatory manner with regard to seating or any other privilege or facility accorded to the home media. Comparable seating and equipment should apply to home and road media (print and

electronic).

## **Media Access to Training Sessions**

Teams are highly encouraged to make every training session open or at least partially open (i.e., if a session is declared "closed," teams are required to have a 15 minute period for b-roll and photos at the start and time for media interviews following the session).

## **Guidelines for Photographers and Camera Operators**

All photographers and television camera operators must stay behind the field boards at all times, unless released by the on-site photo marshal. The only exception to the field board rule will be when a staff photographer, a national rights-holder or NWSL has a crew at a game. These entities will be allowed to shoot from the area between the field boards and the touch lines in the area bounded by the top of the 18-yard box and the end line.

Each photographer will be permitted to use one monopod -- but no tripods. No seats other than "lawn-type" photographer seats will be permitted.

Stand-alone remote units will not be permitted at any time on or around the goal posts. Units mounted on the top of field boards behind the end line will be permitted at the stadium's discretion, provided the equipment does not interfere with the clear display of the field board and does not impede the operation of broadcast equipment.

Live television crews located on the baseline or sideline will be limited to two (2) people -- a camera operator and a cable-puller -- and ENG crews will be limited to one (1) person. In either case, the crew must maintain actual possession of the camera and any other equipment during all game action. Cameramen and cable-pullers from all television crews must remain off the playing field at all times.

## **Photographer Access to Field**

Photographers and camera operators shall be permitted in the area between the field boards and the touch lines in the area bounded by the top of the 18-yard box and the end line (a C-shape that extends from the top of the 18, back behind the goal, and to the top of the 18 on the opposite side of the field).

Once situated, no movement between the two halves of the field shall be permitted until halftime. Changes in this policy will be allowed in cases where stadium facilities dictate alterations. No photographers shall be allowed to move from end to end on the bench side of the field.

## **Photographer Identification**

In addition to their regular credential, it is strongly recommended that photographers and camera crews be issued with colored bibs or armbands. This makes them easy to identify, and they would presumably enjoy quick and easy access to their designated areas. This will necessitate a special area in or near the stadium where they can pick up their bibs, on presentation of their accreditation, either the day before the match or on gameday, at the time media gates are opened. If they are not to be allowed to keep the bib, then it should be exchanged for a press card to be picked up following the game, or else signed out.

## **Photography Work Area**

A work area should be provided for photographers, near the field where appropriate, with high-speed internet access, or special connections such as ISDN (on request). The size of the room may vary, but it should be sizeable enough for at least 5 - 10 people to work on desktops/tables. Like the press section of the stands, the photographers' work room should have sufficient electrical sockets and telephone connections, compatible with the equipment being used for transmission.

## **Accreditation**

Care should be taken when processing credential requests for photographers shooting for commercial agencies. NWSL does not permit the accreditation of photographers shooting specifically for commercial agencies. However, since many agencies offer editorial and commercial sales options (Getty Images, AP, Reuters, etc.) this must be handled on a case-by-case basis.

# 2014 NWSL RULES AND REGULATIONS

## SINGLE TABLE

Teams will be aligned into a single table:

Boston Breakers	Chicago Red Stars	Houston Dash
FC Kansas City	Portland Thorns FC	Seattle Reign FC
Sky Blue FC	Washington Spirit	Western New York Flash

## REGULAR SEASON

Each of the nine (9) NWSL clubs will play 24 games, 12 at home and 12 away.

## POINT SYSTEM

Teams will receive three points for a win, one point for a tie and zero points for a loss.

## REFEREES

All referees in NWSL are either USSF (United States Soccer Federation) or CSA (Canadian Soccer Association) National Referees. Referees for all NWSL games will be trained, assigned and evaluated by PRO (Professional Referee Organization).

## GAME CLOCK

The official game time for all National Women's Soccer League games will be managed on the field by the referee. If necessary, the referee may also allot extra time (a.k.a. "stoppage time") at the end of each period (first half, second half, and if applicable, first overtime period and second overtime period during playoff matches) to allow for injuries, time-wasting or other disturbances.

The stadium clock will display the time from 0:00 to 45:00 and from 45:00 to 90:00. For statistical purposes, the minutes for goals, substitutions, yellow cards, etc., will be listed from the first minute until the 90th minute. A goal scored at 15 minutes 10 seconds will be listed as having been scored in the 16th minute. Events occurring during stoppage time will follow the international norm by being demarcated with a "+" sign and the extra minutes. For example, a goal scored three minutes into first half stoppage time will be officially identified as happening at "48+".

## GAME DAY ROSTERS

Each team can nominate 18 players for a game day roster. Teams are allowed three substitutions per game.

## CAUTIONS AND SUSPENSIONS

A Player will be suspended for one game upon receiving her fifth yellow card -regardless of the nature of the infraction which resulted in her being awarded the yellow card. A second suspension of one game would result after the awarding of an additional three cards as would a third suspension after the awarding of card number eleven.

## NWSL PLAYOFFS

### Who Qualifies

Four clubs, the top four in points from the League standings at the end of the regular season, qualify for the 2014 NWSL Playoffs.

The two Semifinals will be decided by a single knockout game, the winner of which will advance to the Championship Game. If the aggregate score is tied after 90 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

The NWSL Championship will be a single championship match hosted by the finalist with the most regular season points. If the two finalists have the same number of regular season

# 2014 NWSL RULES AND REGULATIONS

points, the tiebreakers for playoff qualification will be applied to determine the host team. If the score is tied after 90 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by kicks from the penalty mark, if necessary.

## **Team-Standings Tie-Breaking Procedures**

The team awarded the highest position in the NWSL standings will be the team with the greatest number of points (three points for a win, one point for a tie, zero points for a loss). In the event that two teams finish the regular season with an equal number of points, the following system will be used to break the tie:

When two or more teams are tied in the standings on points (3 points for a win, 1 point for a draw, 0 points for a loss), the following tiebreakers will be used in the sequence below, until one team ranks ahead of the other(s):

- 1) The highest position shall be awarded to the team with the better win/loss record in current Regular Season games against all other teams equal in points. (head-to-head competition)
- 2) If the teams are still equal in the standings, the highest position shall be awarded to the team with the greater goal difference against all other teams during the Regular Season. (goal differential)
- 3) If the teams are still equal in the standings, the highest position shall be awarded to the team scoring the greatest number of total goals against all other teams during the Regular Season. (total goals)
- 4) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played on the road by each team against all other teams during the Regular Season. (road 1-3)
- 5) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played at home by each team against all other teams during the regular season. (home 1-3)

If the teams are still equal in the standings, the highest position in the standings shall be determined by the toss of a coin.

The first tiebreaker in a three-way tie is also head-to-head, but it is determined via points-per-game versus the other two teams. If two teams are tied in points-per-game head-to-head, the next tie breaker is goal difference.

NOTE: If two clubs remain tied after another club with the same number of points advances during any step, the tie breaker reverts to step 1 of the two-club format.

## **ROSTER RULES AND REGULATIONS**

### **Roster Composition**

The full roster shall be no less than 18 and no more than 20 total Players. All Players are eligible for selection as part of the game-day squad during the Regular Season and Playoffs Games. Once preseason begins, Teams must make a decision on Non-Contracted Players, whose rights they hold, within 10 days once the Player reports. For Players whose rights a Team holds from the previous Season, the decision must be made by March 10, 2014.

### **Domestic Players**

A domestic Player is either a U.S. Citizen, a permanent resident (Green Card holder) or the holder of certain other special status (e.g., has been granted refugee or asylum status). There is no limit as to the number of domestic Players on a Team's roster within general roster limits.

## **International Players**

Each Team has three (3) international slots which may be traded, with the only condition being time (slots can be traded for one year, two years or forever). With trades, there is no limit on the number of international slots a Team may have. Any Player who does not qualify as a domestic Player in the U.S. shall be considered an international Player. Any international Player must occupy an international slot on a Team's roster (with the exception of Canadian or Mexican Allocated Players).

## **Allocated Players**

The term "Allocated Player" refers to a Player who is designated by her Federation to play in the League.

## **Amateur Players**

An amateur Player is any person other than a professional Player. An amateur Player may not receive or retain any remuneration for playing except expenses directly related to a game or games which have actually been incurred by the Player.

## **SOURCES OF PLAYERS**

Teams may add Players to their roster through one of the following mechanisms:

- A. Allocations
- B. College Draft
- C. Trades
- D. Discovery
- E. Waivers
- F. Injury Replacement
- G. Goalkeeper Replacement
- H. Amateur Call-up

In order for a Team to add a Player to its roster, it must use one of the above mechanisms. Once it has been determined that a Player may be added pursuant to one of the above mechanisms, it must then be determined if the Player's addition would be within the relevant roster limits and guidelines.

## **College Draft**

The 2014 NWSL College Draft will be held on Jan. 17 in Philadelphia, consisted of four rounds of nine (9) picks for a total of 36 player selections.

All Players who have exhausted their college eligibility or who will graduate in the 2013-14 year are eligible for the College Draft. Players must be registered by Jan. 15, 2014 to be part of the College Draft. If a Player is eligible and does not register, that Player will not be able to be on the Roster of a NWSL Team until Jan. 1, 2015 – at which point that Player will become eligible as a Discovery Player.

The draft order is based upon the Teams' on-field performance during the previous year. If Teams are tied, the Tie Breaking Procedures set forth in Exhibit 6 shall be utilized.  
Undrafted Players

A Player who is on the College Draft List and is undrafted may be added to a Team's Roster via a Discovery claim on a first-come, first-serve basis. If more than one Team selects the same Player on the same day, priority will be determined in accordance with the League's Discovery Order.

## **College Protected List**

If a college Player is drafted by a Team in the College Draft, the League will attempt to sign

the College Player to a contract in a salary range predetermined by the League Office. Any college Player who has refused to sign an NWSL contract or who has refused to report to the Team to be evaluated does not need to be placed on waivers and may remain college protected.

A Player on the College Protected List is not a roster Player and may not play for the Team, since she has not signed a Player contract.

A college Player would come off a Team's College Protected list by the Roster Compliance Date of the following Preseason (March 9, 2015) if she is not contracted by that Team. Any Player not signed at that point will become available to be claimed as a Discovery Player. The Player would then be available to all Teams through the Discovery process.

## **Discovery**

A discovery player is a domestic or international Player who is currently not under contract with the League. A team may claim her rights by adding her to their Discovery List. The term "Discovery Player" may refer to both players on the Discovery List and those players under contract with the league who have been acquired through Discovery Process.

A Discovery Player request must be made to the League on an official Discovery Player Request Form (Exhibit 8) during the "Discovery Period." If approved by the League, the Player will be added to the Team's Discovery List.

Teams may take a Player off their discovery list at any point in time.

Teams may sign up to 10 Players from the Discovery List per year during the designated Discovery Periods: six (6) in the period of September 3 – March 10 as well as an additional four (4) in the period of March 11 – August 31.

If a signed Discovery Player is traded, the Player will continue to occupy one of her former Team's 10 Discovery List slots. The Player will not count as a Discovery Player on her new Team's Discovery List. Teams may not trade Discovery player "rights" or "slots" to another team.

## **Trades**

Players may be acquired in trades with League approval. See Standard Trade Agreement Form.

All Player trades are subject to League approval and to salary cap as well as roster size and composition constraints. Player trades cannot be made for finite periods (i.e., Players may not be "loaned" by one Team to another or temporarily swapped by Teams).

Trades may not be conditioned upon a Player passing a physical examination or unwound because she failed to do so – it is a case of "buyer beware." Teams are advised to undertake any inquiries regarding a Player's medical condition before executing a Trade Agreement. It is also a case of "buyer beware" with regard to a Player failing to report to her new Team.

Bona fide consideration (either an exchange of Players, future Draft choices) is required in each trade of a Player. No financial consideration is permitted. Teams are able to trade future draft picks and International slots as well as Players. Teams may not structure trades such that a Player may not play against her previous Team.

The League should be consulted early in any trade discussions so that Player salaries and other Player Agreement provisions can be confirmed, Team Salary Cap impacts can be determined, any Draft positions to be traded can be confirmed, and any other matters, including the Players' physical condition, can be discussed.

Teams must respond fully to all inquiries in anticipation of a trade regarding Player injuries, illnesses, or other matters, and provide copies of medical records as requested. It is anticipated that Team trainers and physicians will communicate directly on these matters. A Team's failure to respond fully and accurately may result in sanctions imposed by the League as set forth under "Binding Agreement and Approval". There is, however, no prohibition against Teams trading an injured Player.

### **Trades of Signed Discovery Players/Slots**

Teams may trade signed Discovery Players that were on their discovery lists, but may not trade Discovery Player "rights" or "slots." If a Team trades one of its signed Discovery Players, the Player will still count against its 10 Discovery slots for the Season. That is, the Player's name will remain on the Team's Discovery list for the remainder of the Season. Trades of Allocated Players

Trades involving Allocated Players may take place regardless of the nationality of the Allocated Players. Teams trade an Allocated Player for any another Player or College Draft Pick.

### **Trades for International Roster Spots**

Teams may trade International roster spots, provided that the only condition can be the length of time the slot is traded (e.g., a slot can be traded for 1 year, 2 years or forever). Trades for College Draft Picks

Teams trading college draft picks may not place conditions on those draft picks. Teams are only permitted to trade selections for the next College Draft. The sole exception to this is that Teams will be permitted to trade selections from the next two College Drafts during the period of time from the conclusion of a Season through the end of the subsequent draft.

### **Trade Deadline**

No trades may take place between the Roster Freeze and the NWSL Championship. National Team Call ups

If a National Team Player is being called up for a National Team match, a team may bring in an Amateur player to count towards the 20 roster spots. The team is not to pay a salary to the amateur player, but may cover necessary expenses.

### **Disabled List**

In the event a Player suffers an injury that will prohibit the Player from participating for at least 45 days, a Player may be added to a Team's roster as a "Disabled List" replacement as set forth below. Any Player placed on the Disabled List will have to remain unavailable for a minimum of 45 days.

Disabled List replacement Players must be signed prior to the Roster Freeze Date. Any Player coming off the Disabled List following the Roster Freeze Date may be added to the Roster, but Teams must comply with the relevant Roster limits.

Where the League determines that a Player has sustained an injury that will prohibit the

Player from participating for at least 45 days during the League Season, it may provide the Team roster relief, provided the full amount of the injured Player's salary is charged to the Team's Salary Cap in the relevant Season. Therefore, the Team is given Roster relief, but not Cap relief.

In the event where a Team has two (2) or more Players on its Disabled List, Salary Cap relief may be considered by the League.

Teams that carry or can create extra salary cap room will therefore be able to temporarily replace Players who are on the Disabled List. The budget number for the replacement Player will be calculated in the same manner as any other roster Player.

Also, if the Player suffering the injury is an international Player, the Team may replace such Player with an international Player.

### **Season-ending Injury Replacement**

Where the League determines based on certification from a Team's medical staff that a Player has received an injury that is beyond reasonable doubt Season ending, it may provide the Team roster relief, provided the full amount of the injured Player's salary (or any settlement amount paid to that Player) is still charged to the Team's Salary Cap in the relevant Season. In the event of such a determination, the injured Player shall not be eligible to play for the Team again during the Season in question. Therefore, the Team is given Roster relief, but not Salary Cap relief. Also, if the Player suffering the Season-ending injury is an international Player, the Team may replace such Player with an international Player.

### **Unexpected Recovery from Season-ending Injuries**

In the event a Player, who had suffered a Season-ending injury and had been replaced on the Roster by another Player, unexpectedly rehabilitates and recovers prior to the end of the Season, she will nonetheless be barred from playing for the Team through the end of the Season.

### **Goalkeeper Replacement**

It is up to each Team to structure its roster to ensure that it has the best make-up to field a Team throughout the year. Teams are required to carry two (2) goalkeepers.

In the case of an injured goalkeeper, and where a Team has less than two available goalkeepers, a Team will be able to add a goalkeeper to its roster until its injured goalkeeper is back to full participation with the Team. This must be done within the salary cap.

### **Waivers**

Players may be added to a Team's roster from the Waiver wire, through a Waiver Draft or "On-going Waivers." See Waiver Request Form.

### **Current NWSL Players Waived**

Teams may waive Players based on performance at any time prior to the Roster Freeze date during the NWSL Season. Teams may not waive Players between the Roster Freeze date and the date of NWSL Championship.

A Team wishing to waive a Player must first obtain a favorable medical examination of the Player – an "exit physical", and then submit its waiver request to the League.

## **Claiming Period**

Provided the League approves the Player being placed on waivers pursuant to the above, it will distribute a waiver notice to all Teams. A Team claiming the Player must notify the League of the measures it will take to remain roster compliant, if any such moves are necessary. Notice must be received by the League from a Team claiming a waived Player within the "Waiver Claiming Period."

The "Waiver Claiming Period" shall commence on the day (the "Waiver Period Commencement Date") the League gives notice to Teams and shall expire at 5:00 p.m. EST on the first business day after the Waiver Period Commencement Date (the claiming period is 24 hours).

If a Team claims a Player and no other Team claims the same Player during the Waiver Claiming Period (having regard to the time of League deadlines, set forth in the Competition Calendar attached to this document), the Player shall be assigned to the claiming Team.

## **Waiver Order**

The waiver draft order is determined via reverse order of the standings from the previous Season until Teams have played at least three (3) League games. If the waiver takes place prior to all Teams playing in at least three (3) League games priority shall be granted based upon the prior year's performance according to their point totals through the end of the Regular Season.

In the offseason, once a Team claims a Player from waivers, it is moved to the bottom of the Waiver Draft claiming order.

New expansion Teams shall be at the bottom of the waiver order. If there is more than one expansion Team in a given year, they shall be listed in reverse priority order of the College Draft order.

## **Multiple Claims for Same Player (Out of Season)**

In the event a Player is requested by more than one Team on the same day the League shall assign the Player to the Team with the lowest points per Regular Season Game average during the previous League Season and then move up from lowest to highest. Once a Team wins a tie it is moved to the bottom of the Waiver Draft Claiming Order.

## **Waiver Forms**

All waiver forms should be submitted to the League Office.

## **Amateur Players**

During National Team call-ups U.S. amateur players will be called in by teams. An amateur call-up form will be submitted and amateur players will sign an Amateur standard agreement. They must be registered amateur players with US Soccer. Teams may cover necessary expenses.

Players are expected to be located in the local market. If there are no local amateur players for any team, the NWSL will work with the teams to set up appropriate guidelines.

## **Roster Freeze**

No changes (including waiving players) may be made to a Team's Roster from the "Roster Freeze Date" through the day after the League Championship Game. The Roster Freeze and Trade deadline date is July 31, 2014.
