2014 NLL MEDIA GUIDE AND RECORD BOOK

INTRODUCTION TO THE NLL

The National Lacrosse League Guide and Record Book profiles the league's history and sets the scene for the 2014 season, the 28th season of professional indoor lacrosse. The league played its inaugural game in January 1987, in what was first-known as the Eagle Pro Box Lacrosse League. In 1988, the name was changed to the Major Indoor Lacrosse League (MILL). The MILL became the National Lacrosse League (NLL) following the 1997 season. All of the statistics and records in this book encompass all 27 seasons of the league's existence. Therefore, a League Record is one that covers all three names and the league's entire 27-year history. A complete timeline of the major events in league history can be found in this book.

The National Lacrosse League plays indoor lacrosse. The game is a hybrid, combining parts of box lacrosse (played inside the confines of an ice hockey rink on a turf surface or concrete surface, more prevalent in Canada) with field lacrosse (played on an outdoor field, either on grass or turf, more prevalent in the United States). Indoor lacrosse was designed to combine the most exciting elements of box and field lacrosse. The game is played inside the confines of an ice hockey rink, with glass and rink boards intact. The playing surface is artificial turf, which is placed directly over the arena's ice surface. Each team plays with five runners and a goaltender. The combination of the confined playing area and the physical play leads many fans to describe indoor lacrosse as "like hockey, on foot, with more scoring."

25 goals are scored in the average NLL game. Indoor lacrosse is similar to basketball in terms of its frequent scoring, use of a shot clock (30 seconds), and use of the over-and-back rule. When teams are on offense, they often spread the floor and pass the ball around in a manner similar to that of basketball.

The NLL game is also played in four quarters, each 15 minutes in length. Games that are tied at the end of regulation are decided in overtime, where the first team to score wins the game. There are no tie games and there are no points or credit awarded for an "overtime loss" in the NLL. The standings and team records are strictly Wins-Losses.

Each team plays an 18-game regular season schedule. The NLL schedule is structured in a similar fashion to that of the National Football League. All games are played on the weekends. The weekends of the schedule are numbered. Opening weekend of the season is Week #1.

As the League has grown, so has the schedule. Here is a look at schedule growth in recent League history:

1996: 10-game schedule	2002: 16-game schedule
1997: 12-game schedule	2014: 18-game schedule
2001: 14-game schedule	

LACROSSE TALK

Assist - Awarded to the player or players (maximum of two) who touched the ball prior to the goal, provided no defender plays or possesses the ball in between.

Body Check - Slowing or stopping an opponent in possession of the ball. The check must be above the waist and below the shoulders.

Breakaway - One-on-one scoring opportunity with the offensive player and the goaltender.

Cradling (the ball) - The back and forward motion of the stick with the ball in the pocket. The cradling keeps the ball inside the pocket, making it difficult for the defender to dislodge or take it away.

Crease - Nine-foot radius area which surrounds the goals at each end of the playing surface. A goal is disallowed if a player scores while standing inside this area or steps on the line that defines the crease.

Cross Check - Using the shaft of the stick between his hands, the defensive player tries to push on the opponent's arm forcing a poor pass or shot.

Face-Off - At the start of the game, any quarter of play, and after a goal is scored, the ball is placed in the center circle and two opposing players face each other in a scrum of possession.

Goal - Awarded to the last player on the scoring club to touch the ball prior to the ball entering the net.

Hidden Ball Play - A player without the ball starts to cradle his stick drawing the attention of the defense while another teammate candidly passes the ball or shoots on net.

Loose Ball - There is no possession and the ball is bouncing, rolling or rebound off the boards or goaltender. Loose balls are also sometimes referred to as ground balls.

Major Penalty - Five minutes in length. Penalty time expires on the scoring of three goals, but penalized player must remain in penalty box for full five minutes.

Man Down - A team is considered this, or short-handed, when they must send out a four- or three-man unit as a result of having one or two of their players in the penalty box.

Minor Penalty - Two minutes in length. Penalty expires upon the scoring of a goal; penalized player returns to floor.

Offensive Screen - Legal action by an attacking player to impede the defensive coverage of a defender on an attacking player "without" possession of the ball.

Outlet Pass - The first pass from the goaltender that begins the transition from defense to offense.

Penalty Box - Off-field area, near midfield, where players serve penalty time.

Pick - Legal interference by an offensive player from a set position on a defensive player who is playing defense on the ball carrier. If two players execute the pick, it is referred to as a double pick.

Power Play - When a team has a(n extra) man advantage because of a penalty situation against the opposing team. Power plays can take the form of five-on-four, five-on-three, or four-on-three. Following are some examples of what is and is not considered a power-play goal:
• If a club has an advantage on a minor penalty starting at 2:02 of the quarter and it scores at 4:02, the goal is not a power-play goal.
• If a club scores on a delayed penalty, the goal is not a power-play goal.
• If a club has an advantage due to a five-minute major penalty, that club is always credited with having one more advantage than the number of power-play goals it scores during that advantage; because the penalty does not expire, a new advantage begins after such a power-play goal. For example, if Team A scores one goal during a major penalty, it is credited with two advantages.
• If a club is on a power play for any length of time, it is considered to have had an advantage.
• A double minor constitutes two opportunities.

Screen Shot - A shot on goal that is difficult for the goaltender to see because of the high amount of player traffic in front of the crease area.

Short-Handed Goal - scored by a club while it is at a manpower disadvantage due to a penalty.

Shot On Goal - if a player shoots the ball with the intention of scoring and if that shot would have gone in the net had the goaltender not stopped it, the shot is recorded as a shot "on goal". Shots which hit either of the goalposts or the crossbar are also credited as a shot on goal.

Technical Penalty - Result in loss of possession of the ball. Minor violation; no time penalty.

Tenths Of A Second - if a penalty or goal occurs in the last minute of a quarter, the time is rounded off to the previous second (i.e. - if a penalty is called with 14.6 seconds left in the quarter, the time is indicated as 14:45, and not 14:46.

2014 DIVISIONS AND PLAYOFF SCENARIOS

For the 2014 season, the league has reduced the number of teams who qualify for the playoffs from eight to six teams, featuring the top three clubs in each division's standings. The crossover rule will no longer apply. The two regular season division champions will earn a first-round bye as top seeds. The second seed will host the third seed in their respective division for the single-game elimination Division Semifinal in the first round.

New to the postseason format, the Division Finals and Championship both expand to a two-game series from the previous single-game elimination setup. The top seed from each division will play the winner of the Division Semifinal game between the second and third seeds, with the lower-seeded team hosting the first game and the higher seed hosting the second game of the series.

Teams who win both games shall win the two-game series. In the event of a series split with both teams winning one game, a 10-minute tiebreaker game will be played immediately following the conclusion of the second contest to determine the winner of the playoff series.

Coinciding with the new postseason format, the league's divisions will realign this season as the Minnesota Swarm join the Buffalo Bandits, Philadelphia Wings, Rochester Knighthawks and Toronto Rock in the new five-team East Division. The four-team West Division will be comprised of the Calgary Roughnecks, Colorado Mammoth, Edmonton Rush and Vancouver Stealth.

PLAYOFF TIEBREAKERS

Tiebreakers are to be applied in the below order to determine the final order of finish in cases where two or more teams are tied. Divisional tiebreakers are applied to determine the final order of finish between teams within the same division. Overall tiebreakers are applied to determine the final seeding order for the Playoffs.

In cases where all teams remain tied after applying a tiebreaker, the next tiebreaker is applied to determine the final order of finish between the teams.

In cases where one or more teams are no longer tied after a tiebreaker, those teams are locked into their final order of finish between the originally tied teams. Revert to Tiebreaker A in order to determine the final order of finish between the remaining tied teams.

Divisional Tiebreakers
a) Head-to-head winning percentage between tied teams
b) Divisional winning percentage
c) Head to head goal differential
d) Divisional goal differential
e) Winning percentage against common opponents played an equal number of times
f) League-wide goal differential
g) Coin toss.

Overall Tiebreakers
a) Head-to-head winning percentage between tied teams
b) Winning percentage against common opponents played an equal number of times
c) Head to head goal differential (NOTE: in case of three or more teams being tied, all teams must have played each other in order to apply this tiebreaker)
d) League-wide goal differential
e) Coin toss.

PLAYOFF TIEBREAKERS

The National Lacrosse League has announced updated tiebreaker scenarios to be used to determine order of finish in the standings and seedings coinciding with the new playoff format for the 2014 NLL season.

Example A-1 (Divisional Seeding – 2 Team Tie):
'Team A' and 'Team B', both within the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A'   1-2 vs 'Team B' (.333)
'Team B'   2-1 vs 'Team A' (.667)

Tiebreaker A resolves the tie. 'Team B' has the superior winning percentage, they finish ahead of 'Team A'.

The order of finish in this scenario is as follows:
1.   Team B
2.   Team A

Example A-2 (Divisional Seeding – 2 Team Tie, Identical Head to Head Win %):
'Team A' and 'Team B', both within the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A'   2-2 vs 'Team B' (.500)
'Team B'   2-2 vs 'Team A'(.500)

As Tiebreaker A cannot resolve the tie, Tiebreaker B, Division winning percentage, is applied to determine the order of finish. The following is the divisional results of each team:

'Team A'   7-5 against divisional opponents (.583)
'Team B'   6-6 against divisional opponents (.500)

Tiebreaker B resolves the tie. As a result, 'Team A' would win the divisional tiebreaker, and would finish first between the two teams.

The order of finish in this scenario is as follows:

1.   Team A
2.   Team B

Example A-3 (Divisional Seeding – 2 Team Tie, Identical Head to Head Winning Percentage, Identical Division Winning Percentage):
'Team A' and 'Team B', both within the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A'   2-2 vs 'Team B' (.500)
'Team B'   2-2 vs 'Team A' (.500)

As Tiebreaker A cannot resolve the tie, Tiebreaker B, Division winning percentage, is applied to determine the order of finish. The following is the divisional results of each team:

'Team A'   6-6 against divisional opponents (.500)
'Team B'   6-6 against divisional opponents (.500)

As Tiebreaker B cannot resolve the tie, Tiebreaker C, Head to Head goal differential, is applied to determine the order of finish. The following is the Head to Head goal differential between the teams:

'Team A'   +4 goal differential vs. 'Team B' (combined scores = 63-59)
'Team B'   -4 goal differential vs. 'Team A' (combined scores = 59-63)

Tiebreaker C resolves the tie. As a result, 'Team A' would win the head to head goal differential tiebreaker, and would finish first between the two teams.

The order of finish in this scenario is as follows:
1.   Team A
2.   Team B

Example B-1 (Divisional Seeding – 3+ Team Tie):
'Team A', 'Team B', and 'Team C', who are all in the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied.

'Team A'   1-2 vs 'Team B'   3-0 vs 'Team C' (.667)
'Team B'   2-1 vs 'Team A'   1-2 vs 'Team C' (.500)
'Team C'   0-3 vs 'Team A'   2-1 vs 'Team B' (.333)

Tiebreaker A resolves the three-team tie.

In this scenario, the order of finish between the three teams is as follows:
1.   Team A
2.   Team B
3.   Team C

Example B-2 (Divisional Seeding – 3+ Team Tie, One Team with Superior Head to Head Win %):
'Team A', 'Team B', and 'Team C', who are all in the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied.

'Team A'   3-0 vs 'Team B'   3-0 vs 'Team C' (1.000)
'Team B'   0-3 vs 'Team A'   2-2 vs 'Team C' (.286)
'Team C'   0-3 vs 'Team A'   2-2 vs 'Team B' (.286)

As a result of Tiebreaker A, Team A finishes first in the order of finish between the three teams. 'Team B' and 'Team C' now revert back to Tiebreaker A to determine their order of finish. Since both teams finished with a head to head winning percentage of .500, Tiebreaker B, Division winning percentage, is applied to determine their order of finish.

'Team B'   6-6 against divisional opponents (.500)
'Team C'   4-10 against divisional opponents (.286)

Team B wins tiebreaker B, and thus finishes ahead of Team C in the order of finish.

In this scenario, the order of finish between the three teams is as follows:
1.   Team A
2.   Team B
3.   Team C

Example B-3 (Divisional Seeding – 3+ Team Tie, Two Teams with Identical Superior Head to Head Win %):
'Team A', 'Team B', and 'Team C', who are all in the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied.

'Team A'   1-2 vs 'Team B'   3-0 vs 'Team C' (.667)
'Team B'   2-1 vs 'Team A'   2-1 vs 'Team C' (.667)
'Team C'   0-3 vs 'Team A'   1-2 vs 'Team B' (.167)

As a result of Tiebreaker A, Team C finishes last in the order of finish between the three teams. 'Team A' and 'Team B' now revert back to Tiebreaker A to determine their order of finish.

'Team A'   1-2 vs 'Team B' (.333)
'Team B'   2-1 vs 'Team A' (.667)

Since 'Team B' has the superior winning percentage in head-to-head games with 'Team A', 'Team B' finishes above 'Team A' in the order of finish.

In this scenario, the order of finish between the three teams is as follows:
1.   Team B
2.   Team A
3.   Team C

Example B-4 (Divisional Seeding – 3+ Team Tie, All Teams with Identical Head to Head Win %):
'Team A', 'Team B', and 'Team C', who are all in the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Each team has a head-to-head record of 3-3 (.500 winning percentage) against each other as follows:

'Team A'   1-2 vs 'Team B'   2-1 vs 'Team C' (.500)
'Team B'   2-1 vs 'Team A'   1-2 vs 'Team C' (.500)
'Team C'   1-2 vs 'Team A'   2-1 vs 'Team B' (.500)

As Tiebreaker A cannot resolve the tie, Tiebreaker B, Division winning percentage, is applied to determine the order of finish. The following is the divisional winning percentage of each team:

'Team A'   7-5 against divisional opponents (.583)
'Team B'   7-5 against divisional opponents (.583)
'Team C'   5-7 against divisional opponents (.417)

As a result, 'Team C' places third in the final order of finish between the teams.

PLAYOFF TIEBREAKERS

'Team A' and 'Team B' would then revert back to the first step of the divisional tiebreakers, Tiebreaker A, which is head-to-head winning percentage.

'Team A'   1-2 vs 'Team B' (.333)
'Team B'   2-1 vs 'Team A' (.667)

As a result, 'Team B' wins the tiebreaker and finishes first in the order of finish.

In this scenario, the order of finish between the three teams is as follows:
1. Team B
2. Team A
3. Team C

Example C-1 (Overall Seeding – 2 Team Tie):
'Team A' and 'Team B', in different divisions, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A'   1-2 vs 'Team B' (.333)
'Team B'   2-1 vs 'Team A' (.667)

Tiebreaker A resolves the tie. Since 'Team B' has the superior winning percentage, they finish ahead of 'Team A'.

The order of finish in this scenario is as follows:
1. Team B
2. Team A

Example C-2 (Divisional Seeding – 2 Team Tie, Identical Head to Head Win %):
'Team A' and 'Team B', in different divisions, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A'   2-2 vs 'Team B' (.500)
'Team B'   2-2 vs 'Team A'(.500)

As Tiebreaker A cannot resolve the tie, Tiebreaker B, winning percentage against common opponents played an equal number of times, is applied to determine the order of finish. The following is the teams' records against opponents played an equal number of times:

'Team A'   1-1 vs 'Team C'   0-1 vs 'Team D' (.333)
'Team B'   1-1 vs 'Team C'   1-0 vs 'Team D' (.667)

Tiebreaker B resolves the tie. As a result, 'Team B' would win the overall tiebreaker, and would finish first between the two teams.

The order of finish in this scenario is as follows:
1. Team B
2. Team A

Example C-3a (Overall Seeding, Three Teams):
'Team A', 'Team B', and 'Team C' all finish the regular season with identical 10-8 records. 'Team A' and 'Team B' are in the East Division, while 'Team C' is in the West Division. Divisional tiebreakers are first applied wherever possible. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A'   2-0 vs 'Team B' (1.000)
'Team B'   0-2 vs 'Team A' (.000)

As 'Team C' does not have the same record as any other team in their division, they are not included in this step. As a result, 'Team A' and 'Team C' are each the top seeded tied clubs in their respective divisions. Overall tiebreakers are then applied between 'Team A' and 'Team C'. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A'   0-1 vs 'Team C' (.000)
'Team C'   1-0 vs 'Team A' (1.000)

'Team C' would win the three-way tiebreaker and would finish first in the order of finish.

In this scenario, the order of finish between the three teams is as follows:
1. Team C
2. Team A
3. Team B

Example C-3b (Overall Seeding, Three Teams):
'Team A', 'Team B', and 'Team C' all finish the regular season with identical 10-8 records. 'Team A' and 'Team B' are in the East Division, while 'Team C' is in the West Division. Divisional tiebreakers are first applied wherever possible. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A'   2-0 vs 'Team B' (1.000)
'Team B'   0-2 vs 'Team A' (.000)

As 'Team C' does not have the same record as any other team in their division, they are not included in this step. As a result, 'Team A' and 'Team C' are each the top seeded tied clubs in their respective divisions. Overall tiebreakers are then applied between 'Team A' and 'Team C'. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A'   1-0 vs 'Team C' (1.000)
'Team C'   0-1 vs 'Team A' (.000)

'Team A' would win the three-way tiebreaker and would be seeded first in the order of finish. Overall tiebreakers are then re-applied between 'Team C' and 'Team B' to determine which team will be seeded second of the three tied clubs.

'Team B'   0-1 vs 'Team C' (.000)
'Team C'   1-0 vs 'Team B' (1.000)

'Team C' would be seeded above 'Team B'.

In this scenario, the order of finish between the three teams is as follows:
1. Team A
2. Team C
3. Team B

Example C-4 (Overall seeding, 4+ Teams):
'Team A', 'Team B', 'Team C' and 'Team D' all finish the regular season with identical 10-8 records. 'Team A' and 'Team B' are in the East Division, while 'Team C' and 'Team D' are in the West Division. Divisional tiebreakers are first applied wherever possible. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A'   2-0 vs 'Team B' (1.000)
'Team B'   0-2 vs 'Team A' (.000)
'Team C'   2-0 vs 'Team D' (1.000)
'Team D'   0-2 vs 'Team C' (.000)

As a result, 'Team A' and 'Team C' are each the top seeded tied clubs in their respective divisions. Overall tiebreakers are then applied between 'Team A' and 'Team C'. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A'   0-1 vs 'Team C' (.000)
'Team C'   1-0 vs 'Team A' (1.000)

'Team C' would be seeded first in the order of finish between the four teams.

Overall tiebreakers are then re-applied between 'Team A' and 'Team D' to determine which team will be seeded second in the order of finish between the four tied clubs. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A'   0-1 vs 'Team D' (.000)
'Team D'   1-0 vs 'Team A' (1.000)

As a result, 'Team D' would be seeded second in the order of finish between the four teams.

Divisional Tiebreaker A would be the applied to 'Team A' and 'Team B' to determine their place in the order of finish. Tiebreaker A, head-to-head winning percentage, is as follows:
'Team A'   2-0 vs 'Team B' (1.000)
'Team B'   0-2 vs 'Team A' (.000)

'Team A' would finish above 'Team B' in the order of finish.

In this scenario, the order of finish between the three teams is as follows:
1. Team C
2. Team D
3. Team A
4. Team B

ALL-STAR GAME HISTORY

February 25, 2012
The 2012 NLL All-Star Game is held in Buffalo, NY for the first time at First Niagara Center, home of the Buffalo Bandits. The West All-Stars defeated the East by a score of 20-18 in front of 13,466 fans while Calgary's Geoff Snider was named ASG MVP.

February 28, 2011
The East defeated the West 30-26 in the 2011 NLL All-Star Game at the Event Center at the Turning Stone Resort Casino in Verona, NY, presented by the Oneida Indian Nation. Shawn Evans of the Rochester Knighthawks was the game's MVP, with 12 points on 4 goals and 8 assists.

March 7, 2009
The Colorado Mammoth became the first team in league history to host an All-Star Game for a second time, having also hosted the event in 2004. The East Division defeated the West Division 27-21 in the second highest goal scoring All-Star Game in league history.

March 16, 2008
The East Division defeated the West Division 17-16 in overtime. It was the league's eighth All-Star Game and the third time the game went into overtime. Shawn Williams of the Rochester Knighthawks scored the game winner, as the game was held at Rexall Place in Edmonton and hosted by the Edmonton Rush.

March 10, 2007
The East Division defeated the West Division 20-16 in front of 12,856 fans at Rose Garden in Portland, Oregon, home of the Portland LumberJax. Buffalo transition player Mark Steenhuis scored five goals and added an assist en route to winning his second career All-Star Game MVP Award (won first in 2004). Gavin Prout led the West with eight points (3 goals, 5 assists) and home team representative Ryan Powell scored four goals in the game. The game marked the first professional sports All-Star Game ever hosted in the city of Portland.

February 25, 2006
The West Division defeated the East Division 14-13 in front of 15,924 fans at the Air Canada Centre, home of the Toronto Rock. The game aired on regional sports networks across the US and Canada. The East held a 13-9 lead in the fourth quarter, but Portland LumberJax goaltender Dallas Eliuk and the West defense held their opposition scoreless for the final 12 minutes of the game, as the rest of the West stars rallied for five consecutive goals to win the game. Calgary Roughnecks forward Lewis Ratcliff was named Game MVP, as he scored four goals, including the game-winner with 4.4 seconds remaining in regulation.

February 26, 2005
The East Division defeated the West Division 11-10 in overtime at Penngrowth Saddledome, home of the Calgary Roughnecks. In front of 11,511 fans at the Saddledome, and a live national television audience on NBC, the East trailed 9-7 heading into the fourth quarter, but scored three straight goals to take a 10-9 lead. Arizona's Dan Dawson fired back for the West scoring with less then three minutes remaining to tie the game and force overtime. In overtime, Buffalo Bandits veteran forward John Tavares scored the game-winning overtime goal at 1:15 into the extra period.

February 22, 2004
The East Division defeated the West Division by a score of 19-15 in front of 16,742 fans at Pepsi Center in Denver, home of the Colorado Mammoth. The Eastern Division All-Stars used a seven-goal run in the fourth quarter to pull away for a 19-15 victory over the Western Division All-Stars in front of a live television audience on Fox Sports Net. Buffalo Bandits forward Mark Steenhuis was named MVP, leading all scorers with six goals.

April 21, 2002
The North Division defeated the South Division by a score of 14-10 at the Mohegan Sun Arena in Uncasville, CT. The North reeled off seven straight goals late in the contest to overcome the South. The Toronto Rock's Steve Toll was named the game MVP. Toll scored three goals and added an assist.

February 20, 1999
Team Canada defeated Team USA, by a score of 25-24 in overtime in front of 9,070 fans at the Blue Cross Arena, in Rochester, NY. The All-Stars were placed into their respective teams by their Nationality.

April 20, 1991
The National Division defeated the American Division, by a score of 25-20, in front of 7,658 fans at the Spectrum in Philadelphia.
