INTRODUCTION

INTRODUCTION TO THE NLL

The National Lacrosse League Media Guide and Record Book profiles the league's history and sets the scene for the 2017 NLL season, marking the 31st year of professional indoor lacrosse. The league played its inaugural game in January 1987, in what was first-known as the Eagle Pro Box Lacrosse League. In 1988, the name was changed to the Major Indoor Lacrosse League (MILL). The MILL became the National Lacrosse League (NLL) following the 1997 season. All of the statistics and records in this book encompass all 30 seasons of the league's existence. Therefore, a League Record is one that covers all three names and the league's entire 31-year history. A complete timeline of the major events in league history can be found in this book.

The National Lacrosse League plays indoor lacrosse. The game is a hybrid, combining parts of box lacrosse (played inside the confines of an ice hockey rink on a turf surface or concrete surface, more prevalent in Canada) with field lacrosse (played on an outdoor field, either on grass or turf, more prevalent in the United States). Indoor lacrosse was designed to combine the most exciting elements of box and field lacrosse. The game is played inside the confines of an ice hockey rink, with glass and rink boards intact. The playing surface is artificial turf, which is placed directly over the arena's ice surface. Each team plays with five runners and a goaltender. The combination of the confined playing area and the physical play leads many fans to describe indoor lacrosse as "like hockey, on foot, with more scoring."

A combined 23 goals are scored in the average NLL game. Indoor lacrosse is similar to basketball in terms of its frequent scoring, use of a shot clock (30 seconds), and use of the over-and-back rule. When teams are on offense, they often spread the floor and pass the ball around in a manner similar to that of basketball.

The NLL game is also played in four quarters, each 15 minutes in length. Games that are tied at the end of regulation are decided in overtime, where the first team to score wins the game. There are no tie games and there are no points or credit awarded for an "overtime loss" in the NLL. The standings and team records are strictly Wins-Losses.

Each team plays an 18-game regular season schedule. The NLL schedule is structured in a similar fashion to that of the National Football League. All games are played on the weekends. The weekends of the schedule are numbered. Opening weekend of the season is Week #1.

As the League has grown, so has the schedule. Here is a look at schedule growth in recent League history:

1996: 10-game schedule	2002: 16-game schedule
1997: 12-game schedule	2014: 18-game schedule
2001: 14-game schedule	

2017 DIVISIONS AND PLAYOFF STRUCTURE

A total of six NLL teams, the top three clubs in each division's standings, will qualify for the playoffs. The two regular season division champions will earn a first-round bye as top seeds. The second seed will host the third seed in their respective division for the single-game elimination Division Semifinal in the first round.

The first two rounds of the playoffs shall remain under the same format as last year with single elimination for both first-round Division Semifinal games along with a two-game series for the Division Finals. The top seed from each division plays the winner of the Division Semifinal game between the second and third seeds, with the lower-seeded team hosting the first game and the higher seed hosting the second game of the series. As adopted for 2014, a 10-minute tiebreaker game will be played immediately following Game 2 of the Division Finals should the series be tied 1-1.

For the second straight year, the Champion's Cup Finals expand to a full best-of-three series with the higher-seeded team hosting Game 1 and Game 3 (if necessary).

The league's divisions remained intact from last season with the Buffalo Bandits, Georgia Swarm, New England Black Wolves, Rochester Knighthawks and Toronto Rock in the five-team East Division. The four-team West Division is comprised of the Calgary Roughnecks, Colorado Mammoth, Saskatchewan Rush and Vancouver Stealth.

COMMISSIONER NICK SAKIEWICZ

Nick Sakiewicz (Suh-KEV-itch) was appointed Commissioner of the National Lacrosse League in January 2016. Sakiewicz brings over two decades of experience to the NLL after helping launch Major League Soccer, managing two inaugural MLS teams, building two stadiums, launching an expansion team and raising over half a billion dollars in investment capital, stadium funding, sponsorship and ticket sales.

INTRODUCTION

BOX LAX 101

Assist - Awarded to the player or players (maximum of two) who touched the ball prior to the goal, provided no defender plays or possesses the ball in between.

Body Check - Slowing or stopping an opponent in possession of the ball. The check must be above the waist and below the shoulders.

Breakaway - One-on-one scoring opportunity with the offensive player and the goaltender.

Cradling (the ball) - The back and forward motion of the stick with the ball in the pocket. The cradling keeps the ball inside the pocket, making it difficult for the defender to dislodge or take it away.

Crease - Nine-foot diameter area which surrounds the goals at each end of the playing surface. A goal is disallowed if a player scores while standing inside this area or steps on the line that defines the crease.

Cross Check - Using the shaft of the stick between his hands, the defensive player tries to push on the opponent's arm forcing a poor pass or shot.

Face-Off - The action when the ball is placed in the center circle and two opposing players face each other in a scrum of possession. A Face-Off takes place to start the game, each quarter of play, and begin play after a goal is scored.

Goal - Awarded to the last player on the scoring club to touch the ball prior to the ball entering the net.

Hidden Ball Play - A player without the ball starts to cradle his stick drawing the attention of the defense while another teammate candidly passes the ball or shoots on net.

Loose Ball - There is no possession and the ball is bouncing, rolling or rebound off the boards or goaltender. Loose balls are also sometimes referred to as ground balls.

Major Penalty - Five minutes in length. Penalty time expires on the scoring of three goals, but penalized player must remain in penalty box for full five minutes.

Man Down - A team is considered this, or short-handed, when they must send out a four- or three-man unit as a result of having one or two of their players in the penalty box.

Minor Penalty - Two minutes in length. Penalty expires upon the scoring of a goal; penalized player returns to floor.

Offensive Screen - Legal action by an attacking player to impede the defensive coverage of a defender on an attacking player "without" possession of the ball.

Outlet Pass - The first pass from the goaltender that begins the transition from defense to offense.

Penalty Box - Off-field area, near midfield, where players serve penalty time.

Pick - Legal interference by an offensive player from a set position on a defensive player who is playing defense on the ball carrier. If two players execute the pick, it is referred to as a double pick.

Power Play - When a team has a(n) extra man advantage because of a penalty situation against the opposing team. Power plays can take the form of five-on-four, five-on-three, or four-on-three. Following are some examples of what is and is not considered a power-play goal:

- If a club has an advantage on a minor penalty starting at 2:02 of the quarter and it scores at 4:02, the goal is not a power-play goal.
- If a club scores on a delayed penalty, the goal is not a power-play goal.
- If a club has an advantage due to a five-minute major penalty, that club is always credited with having one more advantage than the number of power-play goals it scores during that advantage; because the penalty does not expire, a new advantage begins after such a power-play goal. For example, if Team A scores one goal during a major penalty, it is credited with two advantages.
- If a club is on a power play for any length of time, it is considered to have had an advantage.
- A double minor constitutes two opportunities.

Screen Shot - A shot on goal that is difficult for the goaltender to see because of the high amount of player traffic in front of the crease area.

Short-Handed Goal - Scored by a club while it is at a manpower disadvantage due to a penalty.

Shot On Goal - If a player shoots the ball with the intention of scoring and the goaltender stopped it, the shot is recorded as a shot "on goal". Shots which hit either of the goal posts or the crossbar are also credited as a shot on goal.

Technical Penalty - Result in loss of possession of the ball. Minor violation; no time penalty.

Tenths Of A Second - If a penalty or goal occurs in the last minute of a quarter, the time is rounded off to the previous second (i.e. - if a penalty is called with 14.6 seconds left in the quarter, the time is indicated as 14:45, and not 14:46).

INTRODUCTION

PLAYOFF TIEBREAKERS

The National Lacrosse League has announced tiebreaker scenarios to be used to determine order of finish in the standings and seedings coinciding with the playoff format for the 2017 NLL season.

Example A-1 (Divisional Seeding – 2 Team Tie):

'Team A' and 'Team B', both within the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A' 1-2 vs 'Team B' (.333)
'Team B' 2-1 vs 'Team A' (.667)

Tiebreaker A resolves the tie. 'Team B' has the superior winning percentage, they finish ahead of 'Team A'.

The order of finish in this scenario is as follows:

1. Team B
2. Team A

Example A-2: Divisional Seeding – 2 Team Tie, Identical Head to Head Win %:

'Team A' and 'Team B', both within the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A' 2-2 vs 'Team B' (.500)
'Team B' 2-2 vs 'Team A' (.500)

As Tiebreaker A cannot resolve the tie, Tiebreaker B, Division winning percentage, is applied to determine the order of finish. The following is the divisional results of each team:

'Team A' 7-5 against divisional opponents (.583)
'Team B' 6-6 against divisional opponents (.500)

Tiebreaker B resolves the tie. As a result, 'Team A' would win the divisional tiebreaker, and would finish first between the two teams.

The order of finish in this scenario is as follows:

1. Team A
2. Team B

Example A-3 (Divisional Seeding – 2 Team Tie, Identical Head to Head Winning Percentage, Identical Division Winning Percentage):

'Team A' and 'Team B', both within the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A' 2-2 vs 'Team B' (.500)
'Team B' 2-2 vs 'Team A' (.500)

As Tiebreaker A cannot resolve the tie, Tiebreaker B, Division winning percentage, is applied to determine the order of finish. The following is the divisional results of each team:

'Team A' 6-6 against divisional opponents (.500)
'Team B' 6-6 against divisional opponents (.500)

As Tiebreaker B cannot resolve the tie, Tiebreaker C, Head to Head goal differential, is applied to determine the order of finish. The following is the Head to Head goal differential between the teams:

'Team A' +4 goal differential vs. 'Team B' (combined scores = 63-59)
'Team B' -4 goal differential vs. 'Team A' (combined scores = 59-63)

Tiebreaker C resolves the tie. As a result, 'Team A' would win the head to head goal differential tiebreaker, and would finish first between the two teams.

The order of finish in this scenario is as follows:

1. Team A
2. Team B

Example B-1 (Divisional Seeding – 3+ Team Tie):

'Team A', 'Team B', and 'Team C', who are all in the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied.

'Team A' 1-2 vs 'Team B' 3-0 vs 'Team C' (.667)
'Team B' 2-1 vs 'Team A' 1-2 vs 'Team C' (.500)
'Team C' 0-3 vs 'Team A' 2-1 vs 'Team B' (.333)

Tiebreaker A resolves the three-team tie.

In this scenario, the order of finish between the three teams is as follows:

1. Team A
2. Team B
3. Team C

Example B-2 (Divisional Seeding – 3+ Team Tie, One Team with Superior Head to Head Win %):

'Team A', 'Team B', and 'Team C', who are all in the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied.

'Team A' 3-0 vs 'Team B' 3-0 vs 'Team C' (1.000)
'Team B' 0-3 vs 'Team A' 2-2 vs 'Team C' (.286)
'Team C' 0-3 vs 'Team A' 2-2 vs 'Team B' (.286)

As a result of Tiebreaker A, Team A finishes first in the order of finish between the three teams. 'Team B' and 'Team C' now revert back to Tiebreaker A to determine their order of finish. Since both teams finished with a head to head winning percentage of .500, Tiebreaker B, Division winning percentage, is applied to determine their order of finish.

'Team B' 6-6 against divisional opponents (.500)
'Team C' 4-10 against divisional opponents (.286)

Team B wins tiebreaker B, and thus finishes ahead of Team C in the order of finish.

In this scenario, the order of finish between the three teams is as follows:

1. Team A
2. Team B
3. Team C

Example B-3 (Divisional Seeding – 3+ Team Tie, Two Teams with Identical Superior Head to Head Win %):

'Team A', 'Team B', and 'Team C', who are all in the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied.

'Team A' 1-2 vs 'Team B' 3-0 vs 'Team C' (.667)
'Team B' 2-1 vs 'Team A' 2-1 vs 'Team C' (.667)
'Team C' 0-3 vs 'Team A' 1-2 vs 'Team B' (.167)

As a result of Tiebreaker A, Team C finishes last in the order of finish between the three teams. 'Team A' and 'Team B' now revert back to Tiebreaker A to determine their order of finish.

'Team A' 1-2 vs 'Team B' (.333)
'Team B' 2-1 vs 'Team A' (.667)

Since 'Team B' has the superior winning percentage in head-to-head games with 'Team A', 'Team B' finishes above 'Team A' in the order of finish.

In this scenario, the order of finish between the three teams is as follows:

1. Team B
2. Team A
3. Team C

INTRODUCTION

PLAYOFF TIEBREAKERS

Example B-4 (Divisional Seeding – 3+ Team Tie, All Teams with Identical Head to Head Win Percentage):

'Team A', 'Team B', and 'Team C', who are all in the same division, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Each team has a head-to-head record of 3-3 (.500 winning percentage) against each other as follows:

'Team A'	1-2 vs 'Team B'	2-1 vs 'Team C' (.500)
'Team B'	2-1 vs 'Team A'	1-2 vs 'Team C' (.500)
'Team C'	1-2 vs 'Team A'	2-1 vs 'Team B' (.500)

As Tiebreaker A cannot resolve the tie, Tiebreaker B, Division winning percentage, is applied to determine the order of finish. The following is the divisional winning percentage of each team:

'Team A'	7-5 against divisional opponents (.583)
'Team B'	7-5 against divisional opponents (.583)
'Team C'	5-7 against divisional opponents (.417)

As a result, 'Team C' places third in the final order of finish between the teams.

'Team A' and 'Team B' would then revert back to the first step of the divisional tiebreakers, Tiebreaker A, which is head-to-head winning percentage.

'Team A'	1-2 vs 'Team B' (.333)
'Team B'	2-1 vs 'Team A' (.667)

As a result, 'Team B' wins the tiebreaker and finishes first in the order of finish.

In this scenario, the order of finish between the three teams is as follows:

1. Team B
2. Team A
3. Team C

Example C-1 (Overall Seeding – 2 Team Tie):

'Team A' and 'Team B', in different divisions, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A'	1-2 vs 'Team B' (.333)
'Team B'	2-1 vs 'Team A' (.667)

Tiebreaker A resolves the tie. Since 'Team B' has the superior winning percentage, they finish ahead of 'Team A'.

The order of finish in this scenario is as follows:

1. Team B
2. Team A

Example C-2 (Divisional Seeding – 2 Team Tie, Identical Head to Head Win Percentage):

'Team A' and 'Team B', in different divisions, each finish with identical 9-9 records. To determine the order of finish, Tiebreaker A, head-to-head winning percentage, is first applied. Their head to head results are as follows:

'Team A'	2-2 vs 'Team B' (.500)
'Team B'	2-2 vs 'Team A' (.500)

As Tiebreaker A cannot resolve the tie, Tiebreaker B, winning percentage against common opponents played an equal number of times, is applied to determine the order of finish. The following is the teams' records against opponents played an equal number of times:

'Team A'	1-1 vs 'Team C'	0-1 vs 'Team D' (.333)
'Team B'	1-1 vs 'Team C'	1-0 vs 'Team D' (.667)

Tiebreaker B resolves the tie. As a result, 'Team B' would win the overall tiebreaker, and would finish first between the two teams.

The order of finish in this scenario is as follows:

1. Team B
2. Team A

Example C-3a (Overall Seeding, Three Teams):

'Team A', 'Team B', and 'Team C' all finish the regular season with identical 10-8 records. 'Team A' and 'Team B' are in the East Division, while 'Team C' is in the West Division. Divisional tiebreakers are first applied wherever possible. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A'	2-0 vs 'Team B' (1.000)
'Team B'	0-2 vs 'Team A' (.000)

As 'Team C' does not have the same record as any other team in their division, they are not included in this step. As a result, 'Team A' and 'Team C' are each the top seeded tied clubs in their respective divisions. Overall tiebreakers are then applied between 'Team A' and 'Team C'. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A'	0-1 vs 'Team C' (.000)
'Team C'	1-0 vs 'Team A' (1.000)

'Team C' would win the three-way tiebreaker and would finish first in the order of finish.

In this scenario, the order of finish between the three teams is as follows:

1. Team C
2. Team A
3. Team B

INTRODUCTION

PLAYOFF TIEBREAKERS

Example C-3b (Overall Seeding, Three Teams):

'Team A', 'Team B', and 'Team C' all finish the regular season with identical 10-8 records. 'Team A' and 'Team B' are in the East Division, while 'Team C' is in the West Division. Divisional tiebreakers are first applied wherever possible. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A' 2-0 vs 'Team B' (1.000)
'Team B' 0-2 vs 'Team A' (.000)

As 'Team C' does not have the same record as any other team in their division, they are not included in this step. As a result, 'Team A' and 'Team B' are each the top seeded tied clubs in their respective divisions. Overall tiebreakers are then applied between 'Team A' and 'Team C'. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A' 1-0 vs 'Team C' (1.000)
'Team C' 0-1 vs 'Team A' (.000)

'Team A' would win the three-way tiebreaker and would be seeded first in the order of finish. Overall tiebreakers are then re-applied between 'Team C' and 'Team B' to determine which team will be seeded second of the three tied clubs.

'Team B' 0-1 vs 'Team C' (.000)
'Team C' 1-0 vs 'Team B' (1.000)

'Team C' would be seeded above 'Team B'.

In this scenario, the order of finish between the three teams is as follows:

1. Team A
2. Team C
3. Team B

Example C-4 (Overall seeding, 4+ Teams):

'Team A', 'Team B', 'Team C' and 'Team D' all finish the regular season with identical 10-8 records. 'Team A' and 'Team B' are in the East Division, while 'Team C' and 'Team D' are in the West Division. Divisional tiebreakers are first applied wherever possible. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A' 2-0 vs 'Team B' (1.000)
'Team B' 0-2 vs 'Team A' (.000)
'Team C' 2-0 vs 'Team D' (1.000)
'Team D' 0-2 vs 'Team C' (.000)

As a result, 'Team A' and 'Team C' are each the top seeded tied clubs in their respective divisions. Overall tiebreakers are then applied between 'Team A' and 'Team C'. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A' 0-1 vs 'Team C' (.000)
'Team C' 1-0 vs 'Team A' (1.000)

'Team C' would be seeded first in the order of finish between the four teams.

Overall tiebreakers are then re-applied between 'Team A' and 'Team D' to determine which team will be seeded second in the order of finish between the four tied clubs. Tiebreaker A, head-to-head winning percentage, is first applied:

'Team A' 0-1 vs 'Team D' (.000)
'Team D' 1-0 vs 'Team A' (1.000)

As a result, 'Team D' would be seeded second in the order of finish between the four teams.

Divisional Tiebreaker A would be the applied to 'Team A' and 'Team B' to determine their place in the order of finish. Tiebreaker A, head-to-head winning percentage, is as follows:

'Team A' 2-0 vs 'Team B' (1.000)
'Team B' 0-2 vs 'Team A' (.000)

'Team A' would finish above 'Team B' in the order of finish.

In this scenario, the order of finish between the three teams is as follows:

1. Team C
2. Team D
3. Team A
4. Team B
