All media members must apply for a season or single-game credential with the Red Stars' Communications Department in order to cover Red Stars matches.

Once media members receive approval, they will receive an email with instructions and protocols for the match they selected to cover.

On matchday, media members must park in the east lot at SeatGeek Stadium and enter/exit through Gate E. Once at Gate E, a Red Stars communications staff member will check in members of the media and provide a credential and/or a bib for photographers. Media check-in begins 90 minutes prior to the match's kick off time.

Upon entering the stadium, media members are required to make their way straight to Ida B. Wells Press Row on the west side of the stadium.

Buffet-style meals will be set up in the press box 90 minutes prior to kick off.

Media will not have access to the field unless it was requested and approved upon submission of their credential application. Additionally, there will be no access to the tunnel or back of house areas of the stadium.

10 to 15 minutes after the final whistle, Red Stars communications associates will host a post-match media availability with 1-2 players and the head coach in the stadium club on the second floor on the west side of the stadium. Media members can access the stadium club by following the concourse around the stadium to the stairs on the west side of the stadium. An option to attend the media availability virtually will be made available to anyone who would like to attend virtually.

Photographer Protocols

Photographers are permitted to station themselves on the west side of the field (across from the benches and to the left of the goals) and behind the field boards. While inside the stadium, photographers must wear the assigned orange bib and credential that they pick up upon entering the stadium from the media check-in station at Gate E. At halftime, photographers are welcome to work from Ida B. Wells Press Row, or stay fieldside. After the final whistle, photographers must return their bibs to a CRS staff member or volunteer.

Media credentialed photographers will have no access to the east side (bench side) of the field and are not allowed to step on the field at any point. Only Red Stars and Imagn photographers are allowed to step onto the field and capture images from the east side of the stadium. Failure to comply to this protocol will result in immediate re-evaluation and possible revoking of your credential.
