A letter from the president...

I want to take the time to personally welcome you to the Tennessee ThunderCats family. We are so excited to be in Knoxville, Tennessee, the true heart of football America.

For many years now I have been involved in the world of sports. It has always been a passion of mine. I love the competition, the camaraderie and the atmosphere of the athletic world. I dearly love that I am able to bring indoor professional football to Knoxville. It is the most exciting, fastest paced, hardest hitting sports entertainment that I have ever been associated with.

My involvement with sports began at my dad's side on the bench of the Harlem Globetrotters. I learned from him how rewarding it is to entertain the world through sports. He instilled values

in me with which I will run the Tennessee ThunderCats. Win or lose, preferably win, give the fans the best effort and show you can.

Now I have the opportunity to entertain the people of East Tennessee. With your support we can create something really special, a championship professional football team. I know the people of Knoxville have developed a winning tradition through the University of Tennessee Athletic Program. I fully intend to carry on that tradition.
